Regional Cooperation Mechanism on Low Carbon Transport: Creation of Green Transport Corridors in Asia and the Pacific

Session 8: Onward to COP29

25 - 26 September 2024
Hanoi, Vietnam

Wei-Shiuen Ng

Economic Affairs Officer, Transport Division, ESCAP

ESCAP
Economic and Social Commission for Asia and the Pacific

ESCAP's Engagement at COP29

1. Increasing ambition and commitments by ESCAP member States
2. Accelerating decarbonization in key sectors, including transport
3. Bolstering climate finance flows with new financing mechanisms
4. ESCAP's commitments to Asia-Pacific's Transition

Despite the significant role the transport sector plays in mitigating the impact of climate change, transport ministries are usually not directly involved in the climate change policy processes.

ESCAP (Transport) at COP29

COP29 Presidency Events

- Sustainable and Digital Middle Corridor and Beyond
- Baku Urban Partnership Process for Sustainable, Climate-resilient and Healthy Cities
