INTRODUCING THE

NDC 3.0 NAVIGATOR

An interactive tool that supports the development of NDCs to be submitted in 2025. It helps countries raise ambition and accelerate implementation of the next round of NDCs.

Visit the Navigator at www.ndcnavigator.org

NDC PARTNERSHIP

HOW TO USE THE

NDC 3.0 NAVIGATOR

Learn

About the context for NDCs 3.0 and the NDC 3.0 Navigator

Reflect

On country needs and priorities for NDC 3.0

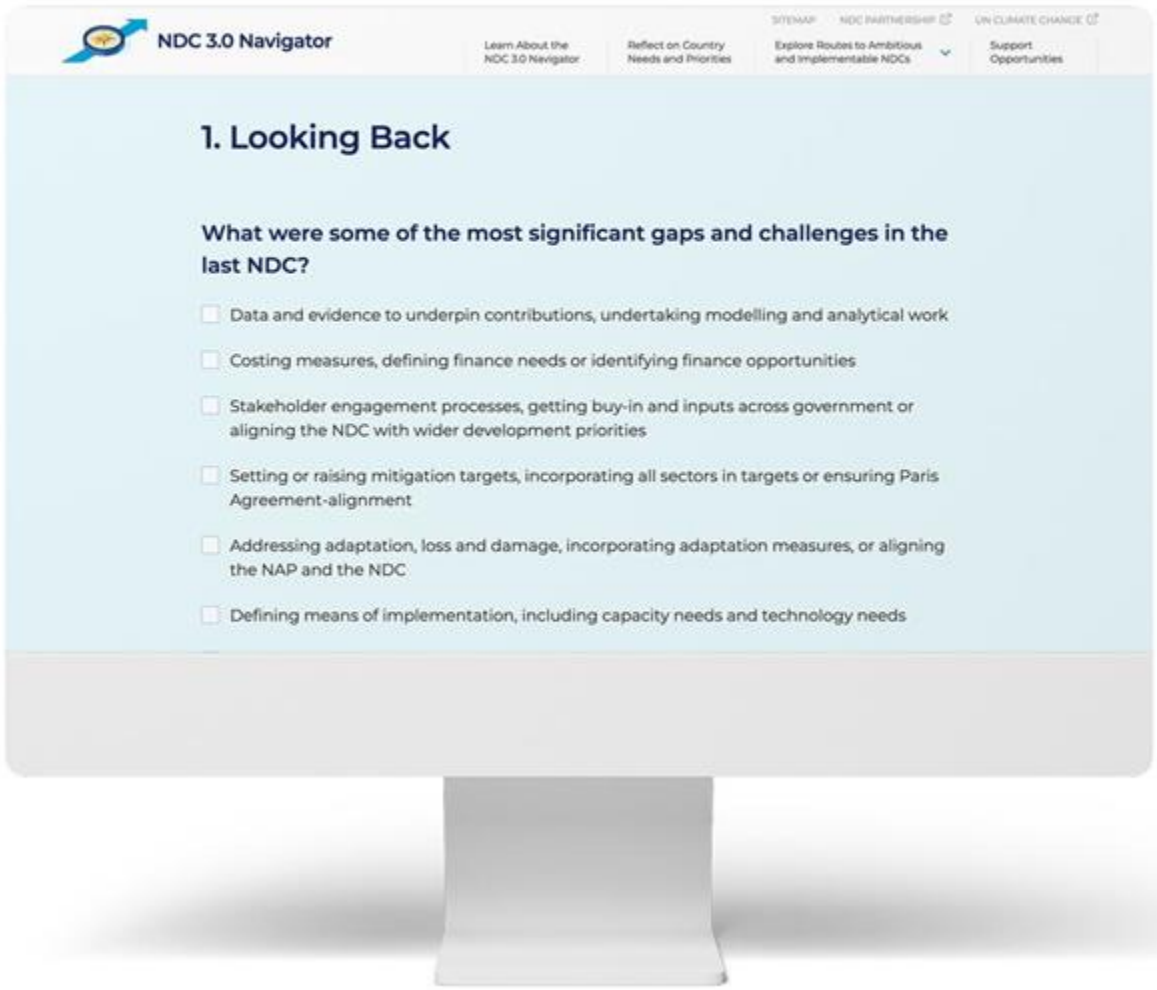
Explore

The routes and opportunities to ambitious and implementable NDCs 3.0

NDC PARTNERSHIP

REFLECT

COUNTRY NEEDS AND PRIORITIES



EXPLORE

ROUTES AND OPPORTUNITIES TO AMBITIOUS AND IMPLEMENTABLE NDCS

Routes that help countries reflect on the 1st GST and raise ambition

Aligned to the Paris Agreement Temperature Goal

Aligned to the Paris Agreement Global Goal on Adaptation

Delivers a Just and Equitable Transition

Routes that help countries ensure implementable NDCs

Mobilizes all-of-gov't & all-of-society

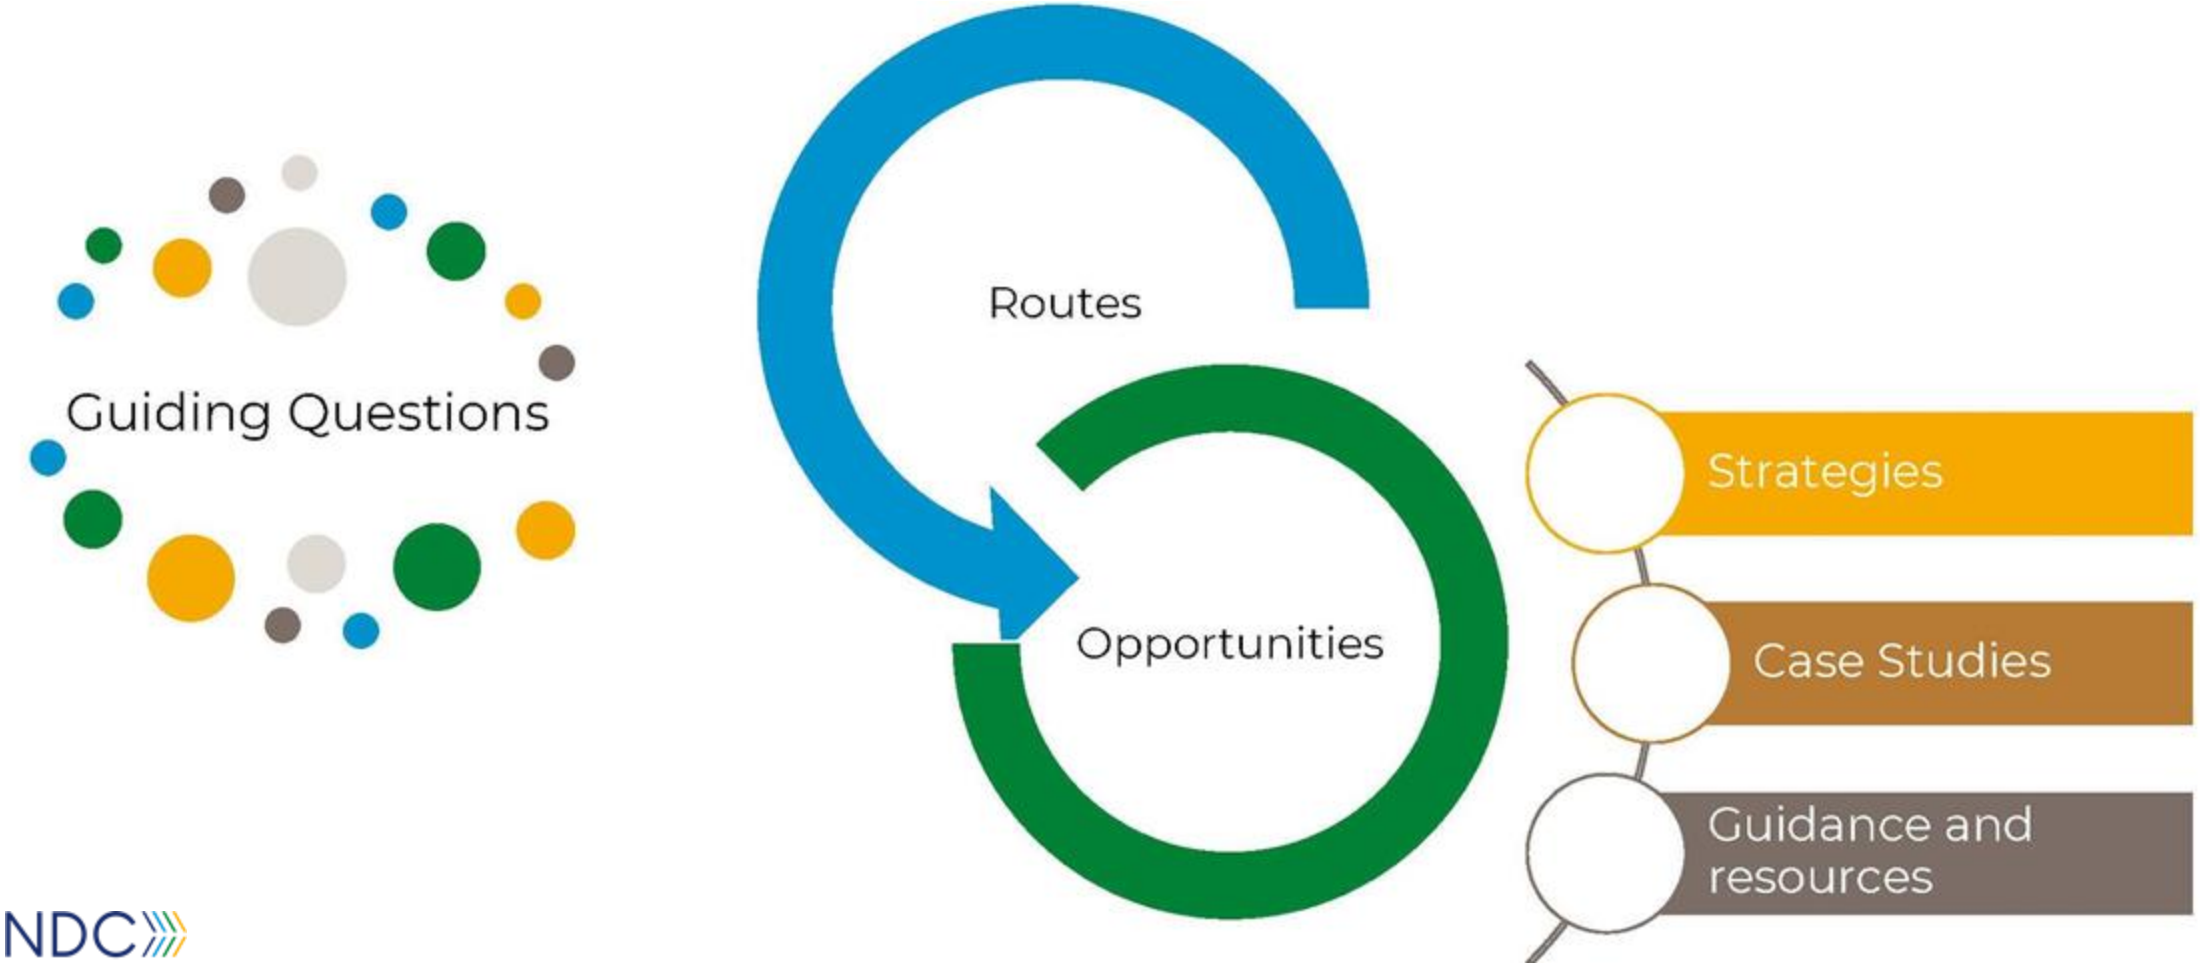
Identifies support needs

Technically sound & transparent docs

Unlocks finance

NDC PARTNERSHIP

NAVIGATING THE NEXT GENERATION OF NDCS



NDC PARTNERSHIP

EXAMPLE: ALIGNED WITH THE PARIS AGREEMENT TEMPERATURE GOAL

EXPLORING OPPORTUNITIES FOR EACH ROUTE

- Setting targets, including economy-wide targets
- Ensuring NDCs are informed by science
- Disaggregating and enhancing targets across sectors and government levels
- Aligning NDCs with LT-LEDS and net zero goals
- Reflecting activities and responses in the NDC
- Exploring sector-specific opportunities
- Amplifying the mitigation-adaptation nexus
- Enhancing nature- and ecosystem-based solutions

NDC PARTNERSHIP

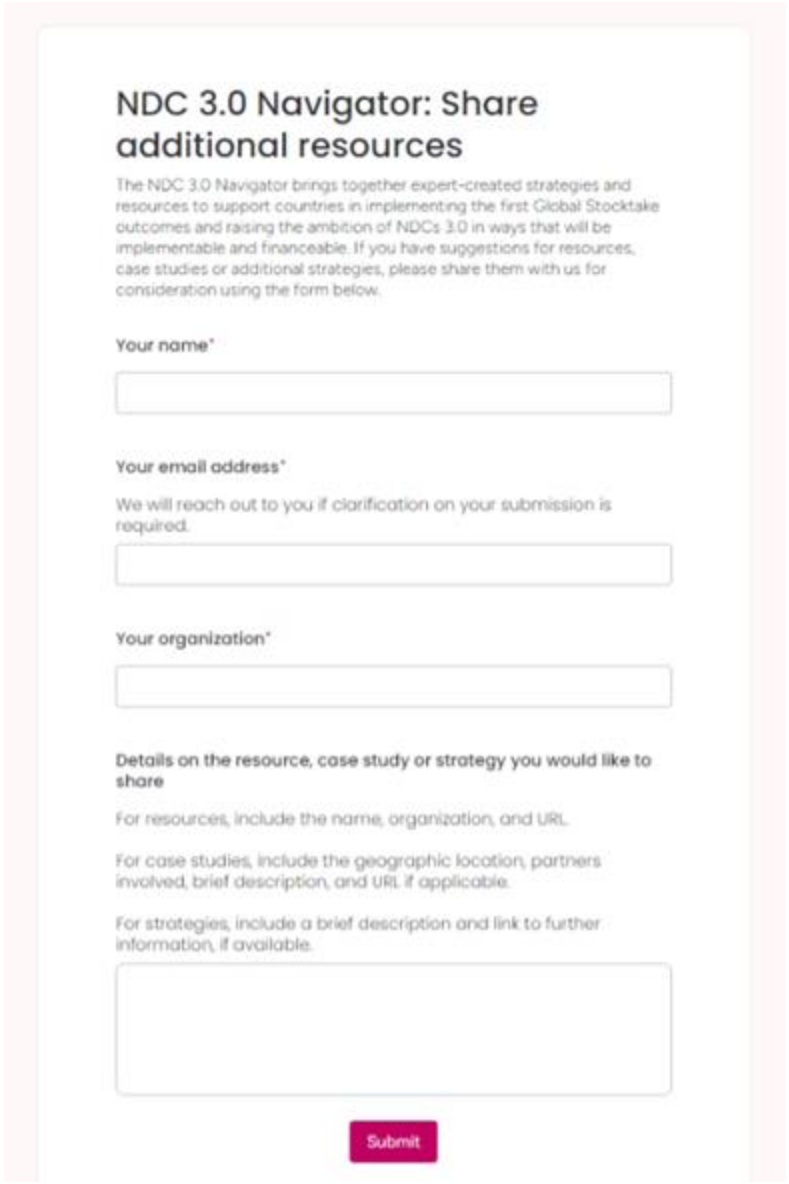
A COLLABORATIVE TOOL

INVITATION TO CONTRIBUTE

The NDC Partnership developed the Navigator in collaboration with the UNFCCC secretariat and with technical inputs from UNDP, WRI and more than 30 other partners.

Partners are encouraged to submit guidance, case studies, and strategies for consideration to add to the Navigator

- Visit https://ndcnavigator.org/share-resources



NDC PARTNERSHIP

ACTIONING THE LEARNING FROM THE NAVIGATOR

The NDC 3.0 Navigator aims to provide information and inspiration. It helps countries identify their comprehensive support needs around NDCs 3.0.

If countries require further support to action the learning, they are encouraged to take advantage of the Partnership's **Global Call for NDCs 3.0 & LT-LEDS.**

Learn more here:

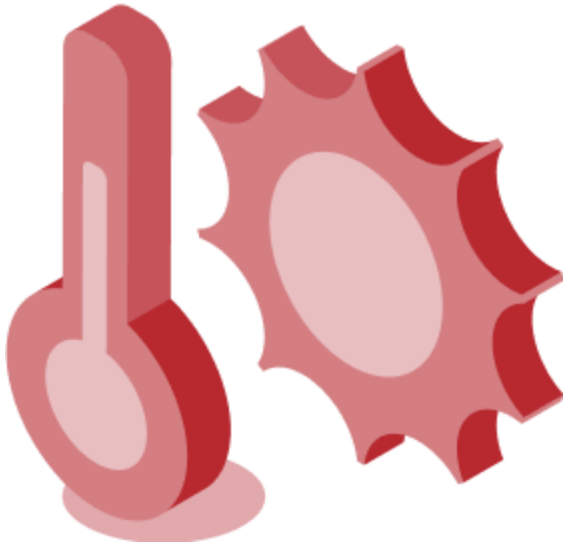
NDC PARTNERSHIP

ROUTE 1

ALIGNMENT WITH THE PARIS AGREEMENT TEMPERATURE GOAL

Enhancement Opportunities

- **Setting targets, including economy-wide NDC targets**
- **Disaggregating and enhancing targets across sectors and government levels**
- **Aligning the NDC with LT-LEDS and net zero goals**
- **Ensuring the NDC is informed by science**
- **Reflecting activities and responses in the NDC**
- **Exploring sector-specific opportunities (for adaptation and mitigation)**



ROUTE 2

ALIGNMENT WITH THE PARIS AGREEMENT GLOBAL GOAL ON ADAPTATION

Enhancement Opportunities

- **Raising ambition through setting and achieving thematic & process-related targets**
- **Improving interlinkages between NDCs and NAP/NBSAP processes**
- **Enhancing data availability for scientifically informed decision making in adaptation**
- **Integrating loss & damage**
- **Incorporating all of society in adaptation planning**
- **Amplifying the mitigation-adaptation nexus**
- **Enhancing nature- and ecosystem-based solutions**
- **Exploring sector-specific opportunities**

ROUTE 3

DELIVERING A JUST AND EQUITABLE TRANSITION

Enhancement Opportunities

- **Cross-cutting enablers and integrated, collaborative approaches**
- **Identifying and quantifying the impacts and benefits to impacted peoples**
- **Ensuring empowerment and action for all**
- **Frameworks for Just Transition processes**

ROUTE 4

MOBILIZING ALL-OF-GOVERNMENT AND ALL-OF-SOCIETY

Enhancement Opportunities

- **Embedding the goals of the NDC and ensuring effective coordination across government**
- **Integrating and mainstreaming the NDC in national planning processes**
- **Engaging local and regional governments**
- **Incorporating all voices and ensuring inclusive communication and engagement**
- **Leveraging the private sector**

ROUTE 5

IDENTIFICATION OF SUPPORT NEEDS

Enhancement Opportunities

- **Greater clarity on technology needs for NDC implementation**
- **Increasing technology uptake**
- **Understanding and leveraging different approaches to technology transfer and uptake**
- **Identifying capacity-building and technical assistance needs**

ROUTE 6

UNLOCKING FINANCE

Enhancement Opportunities

- **Enhancing understanding of investment needs**
- **Reduce the Investment Gap through a Climate Finance Landscape Assessment**
- **Facilitating an enabling environment**
- **Enhancing NDC 'investability'**

ROUTE 7

BUILDING ON TECHNICALLY SOUND TRANSPARENT INFORMATION

Enhancement Opportunities

- **Quantifying targets and actions**
- **Enhancing and integrating data across government**
- **Ensuring replicability; continuous improvement; retaining knowledge**
- **Aligning NDC and transparency processes**
- **Reflecting Article 6**
- **Making the connection with Adaptation Communications**
