

# Second Technical Working Session on Child Deprivation Profiling

## Objectives and Overview

*27 - 29 April, 2016*

*Bangkok*

## By the end of the session participants will have:

---

1. Become familiarized with the SDG monitoring framework and the implications for data relating to child related indicators;
2. Shared country progress in South Asia on child deprivation profiling, lessons and good practices of equity analysis;
3. Positioned child deprivation profiling in the knowledge management paradigm and been exposed to new tools to shift from data to knowledge to action.

# Day 1

---

- Orientation to the SDG Monitoring Framework
- Understanding the SDG Indicators related to children: analysis and measurement implications
- Reintroduction to the Child Deprivation Profile Approach
- Market Place: Sharing of country experiences on child deprivation profiles/equity analysis
- Advancing the Child Profile Development: review of good practices, methods, tools and standardization.

# Day 2

---

- Introduction to a knowledge management conceptual approach; positioning child deprivation profiling
- Shifting Data to knowledge:  
Communicating Data [Making it 'Talk'] & Presenting Data [Tools and Tactics]
- Practical Sessions:  
Strengthening messaging and learn to make your own infographics  
Country wise group work to strengthen profiles and develop a draft knowledge product

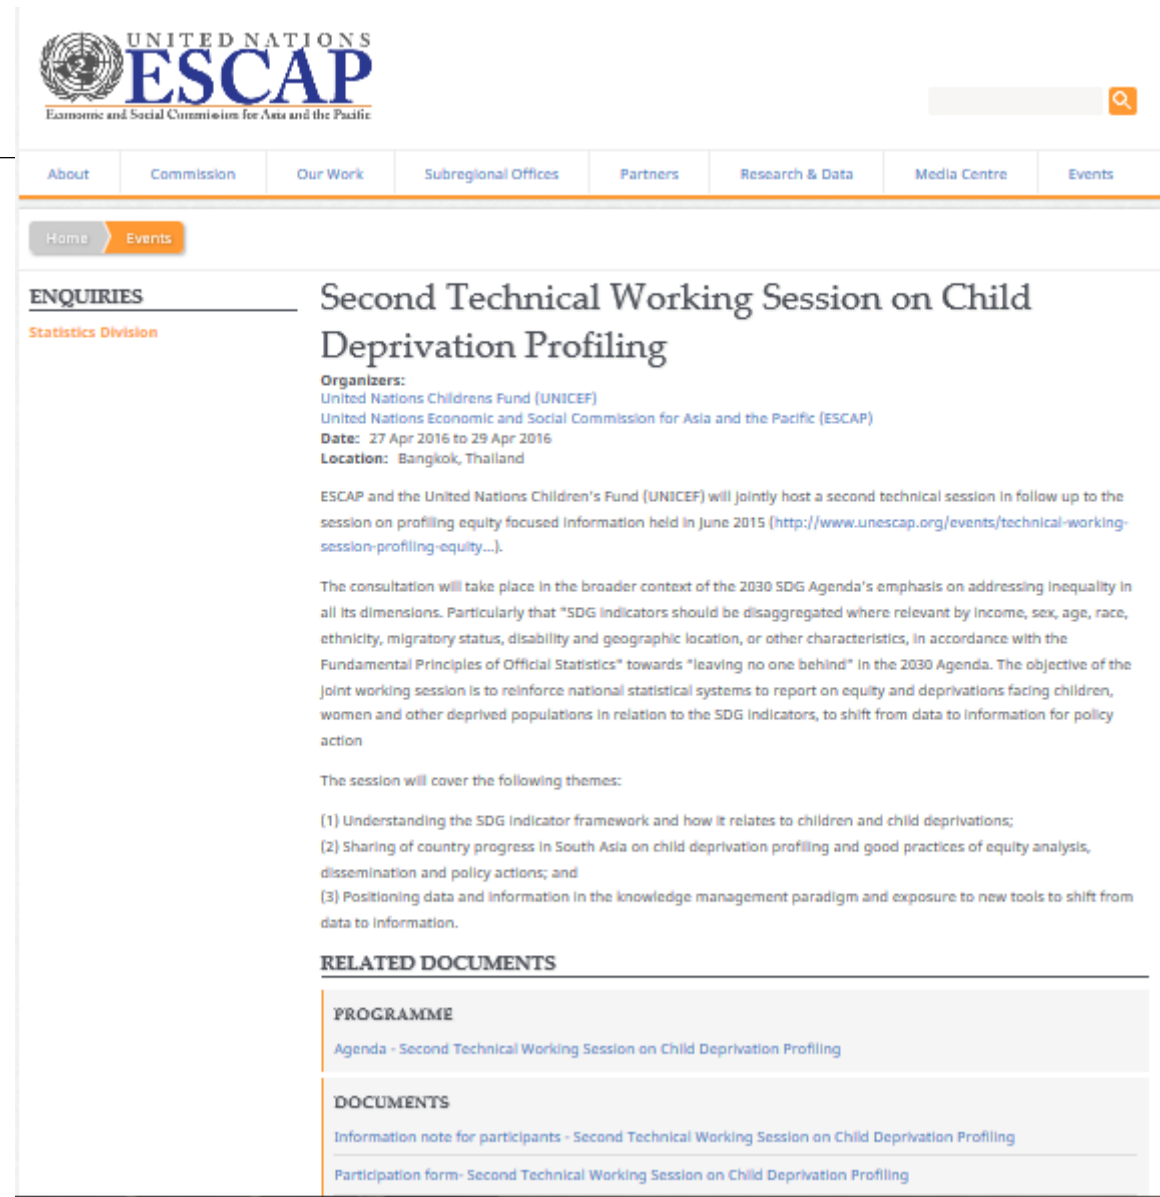

# Day 3

---

- Practical Session:  
Knowledge Product Development: Draft Finalization  
Development of Country Road Maps
- Country Presentations:  
5 minute peer review (competition) of draft products
- Identification of Regional Support Needs

All session presentations, tools and documents will be available on the ESCAP website:

<http://www.unescap.org/events/second-technical-working-session-child-deprivation-profiling>

The screenshot shows the ESCAP website header with the logo and navigation menu. The main content area features the title "Second Technical Working Session on Child Deprivation Profiling" under the "ENQUIRIES" section. It lists organizers (UNICEF and ESCAP), date (27-29 Apr 2016), and location (Bangkok, Thailand). The text describes the session's purpose in relation to the 2030 SDG Agenda and lists three themes: understanding the SDG indicator framework, sharing country progress, and positioning data in the knowledge management paradigm. Below the text are sections for "RELATED DOCUMENTS" including a "PROGRAMME" (Agenda) and "DOCUMENTS" (Information note and Participation form).
