PACIFIC ONE-MARITIME FRAMEWORK (POMF)

Mr Thierry Nervale
Chairperson, POMF Steering Committee
Outcome of the 5\textsuperscript{th} PRETMM was worked into the 2050 Strategy Implementation Strategy
Resolution 39:
To commit to develop one-maritime framework with appropriate plans and solutions aligned to the 2050 Strategy for the Blue Continent that are adaptable to varying circumstance across the region, and incorporating, monitoring, evaluation and learning.
PACIFIC ONE-MARITIME FRAMEWORK (POMF)

• The development of a Pacific One-Maritime Framework (POMF) intends to create a single framework that articulates strategies to cater for sustainable maritime sector needs, priorities, and ambitions of PICTs in the context of the Blue Pacific and aligned with the technical support of regional and international maritime sector entities and development partners.

• Provides a platform for PICTs to reflect on their current challenges and articulate their aspirations for safe, secure and sustainable maritime transport services comprehensively, informed by their circumstances, yet framed in the context of region-wide responses.

• Focuses on needs, priorities, challenges and emerging issues in the maritime sector in the Blue Pacific; with clear actions and targets focusing on mobilising appropriate resources, finances, infrastructure, technology and capacity building for a safe, resilient, green, clean, digital, gender-just maritime transport for the Blue Pacific.

What can strategic foresight bring to OneMaritime?

- One future
- Management of reality
- Day to day operations
- Narrow problem solving
- Short-term
- Uses the past to inform the present

- multiple alternative futures
- Creation of possibilities / uncertainty
- Longer-term transformation
- Broad systematic and trans-disciplinary perspectives and solutions
- Long-term
- Inclusive, reducing risks and blind spots
- Uses the future to change the present informed by the past

“what is impossible today, that if possible, changes everything?”
THE PACIFIC PATHFINDER
A TOOLKIT TO IMAGINE AND CREATE FUTURES
PULLS OF THE FUTURE
A vision of our preferred future

PREFERRED FUTURE

PUSHES FROM THE PRESENT
Pushes are forces that compel us to change or pursue a future

WEIGHTS OF THE PAST
Weights tend to come from history and prevent from changing or pursuing a plausible future
THANK YOU
