Sixth Pacific Forum on Sustainable Development (PFSD 2022)

Session 1: Pacific Progress towards SDGs
Overall Key Message on SDG progress

- All countries have incorporated the SDGs into national policies and strategies.
- None of the 21 targets expected to be achieved by 2020 were achieved.
- It is also unlikely that the Pacific will achieve even 20% of the SDG targets by 2030.
2050 Strategy for the Blue Pacific Continent

- Frames our regional cooperation around key thematic areas that inform how we will address our shared challenges and achieve our vision.

- Is about how we will work together as a region, what we will work together on, and what we seek to achieve collectively.

- Is our opportunity to engage with and shape the most significant dynamics and influences on our region, in order to secure our long-term wellbeing and prosperity.
2050 Strategy: Overview
Implementation

- Development of Implementation & Monitoring Plan is being developed following Leaders’ endorsement of the Strategy.

- Implementation Plan to detail key collective actions under thematic areas, timeframes, implementation partners, and resourcing requirements.

- Review of the regional architecture
