Strengthening Speed Limit Setting and Enforcement through Collaboration

10 August 2022
Our Road Safety Advocacy

Institutional and legal assessment

Speed limit setting workshop for local government units

Speed enforcement training for enforcers

National policy on speed limit-setting

Nationwide speed management
How We Began

- Institutional and legal assessment on speed enforcement policies
- DOTr-DPWH-DILG Joint Memorandum Circular No. (JMC) 2018-01 on speed limit setting, enforcement, and data collection
Empowering Local Government Units

- Eight (8) local speed limit laws
- Two (2) local laws establishing interventions to address five (5) major road safety risk factors, including speeding

L-R: JMC 2018-001 Trainings in Region 6, Region 2 (Mountain Province), and Region 3
Speed Enforcement Training

- Best practice speed limit enforcement training

Source: Speed enforcement training in Regions 4A and 5
Continued Support for Government

- Department of the Interior and Local Government Memorandum Circular No. 2020-028
- Memorandum of Understanding with Department of Transportation (DOTr) and Land Transportation Office (LTO)
- Continued engagement with DOTr and LTO

Source: DOTr
Where Are We Now

- 709 cities and municipalities with local speed limit laws
- 5 cities with comprehensive local road safety laws
How Did We Do It?

- Capacity building
- Communication
- Engagement with government partners and fellow advocates
- Collaboration
- Empowerment
What’s Next in the Journey to Save Lives

- Continue providing technical assistance to set and enforce speed limits
- Train government partners on road safety

Nationwide speed management
Thank you!
