Sixth Pacific Forum on Sustainable Development (PFSD)
SDG 7 - Affordable Clean Energy

Katerina Syngellakis
Pacific Regional Director, Global Green Growth Institute
7th December 2022
The Global Green Growth Institute (GGGI) is a treaty-based international, intergovernmental organization dedicated to supporting its members to transition towards a model of green growth.

Developing and implementing strategies that achieve poverty reduction, social inclusion, environmental sustainability and economic growth.
GGGI in the Pacific

5 Members Countries
- Marshall Islands
- Palau
- Papua New Guinea
- Nauru
- Fiji

5 Partner Countries
- Kiribati
- Tuvalu
- Tonga
- Niue
- Vanuatu

Map of the Pacific region with countries marked as members and partners of GGGI.
NDC Implementation Roadmaps and Investment Plans

6 NDC Implementation Roadmaps and 5 NDC Investment Plans including Project Pipelines

Fiji
Kiribati
Papua New Guinea
Samoa
Tonga
Tuvalu
EV’s & the A-S-I concept: An integrated approach to transport decarbonization

**Avoid** and reduce the need to travel
- Urban Planning, Land Use Policies
- Changed Activity Patterns – Work

**Shift** or maintain share of environmentally friendly modes
- Public Transport: E-Buses, Bus Rapid Transit
- Active Transport Modes: walking/cycling

**Improve** energy efficiency and vehicle technology
- Electric Vehicle Technology
- Vehicle Sharing
Women in Energy and Transport

- Women bring new perspectives to the workplace, improving collaboration and yielding better performance overall (IRENA 2019; UNDP 2013)

- Engaging women as active agents in deploying renewable energy solutions is known to improve sustainability, maximize socio-economic benefits and increase energy access (IRENA 2019)
Thank You
