Trade is critical to development. Trade advances ADB and DMC priorities. Lifted millions out of poverty.
Climate Finance Ambition
• $166 million in climate transactions in 2023 and $3.2 billion from 2019 to 2030
• Carbon tracking and reporting in supply chains
• Climate training and capacity building for banks, regulators, companies.

Food Security and Agriculture
• $5.3 billion food security and agriculture transactions from 2022-2025
• 20% (approx.) of ADB’s $14 billion target for 2022-2025

Health
• $146 million med and pharma transactions in 2023
Since inception to 2023, TSCFP supported more than 10,620 transactions valued at $26.7 billion, of which 7,193 transactions are SME-related and 6,233 are intra-regional.

In 2023, TSCFP supported 992 transactions valued at $1.4 billion of which 799 transactions are SME-related and 186 are intra-regional.

Although Kazakhstan had no transaction activity in 2023, TFP continues to identify opportunities to engage partner banks as required.
