

ESCAP Executive Training on Environment and Development

5 and 12 October 2022

Virtual event via Zoom

Third edition

A capacity development training programme

The third edition of ESCAP Executive Training on Environment and Development aims to provide tools and resources to senior officials to support development of policies to address pressing environmental challenges in the region.

The training programme is designed for policy and decision makers from national, subnational, and local government institutions that deal with key sectoral policies that impact environmental sustainability.

Programme schedule

(GMT+7, Bangkok)

5 October: 10:00- 14:30

Nature-based solutions to raise climate ambitions

12 October : 11:30- 15:30

Creating healthy and sustainable cities

Special feature

Interactive policy dialogue on the environment-health nexus in Asia-Pacific

Recorded event held on 14 September 2022
