For more information, please contact crvs@escap.org.

ESCAP Statistics Division, in collaboration with international and national organizations, is organizing a three-seminar series under the theme, "Inequalities in CRVS: Let’s really get every one in the picture!". This seminar series aims to provide practical and clear guidance for countries in Asia and the Pacific on measuring the inequalities in CRVS with the ultimate goal of narrowing the gap in civil registration.

Each seminar will comprise of a webinar which is open to all, and a subsequent Expert Group Meeting on the same topic which will be by invitation only.

This first webinar will focus on qualitative assessments of the CRVS systems with speakers sharing their knowledge and country experiences on the Bali Process Civil Registration Assessment Toolkit (Part 1: The Bali Process Toolkit) and on other related inequality assessment frameworks (Part 2: Other Qualitative Assessments).
