

Role of Regional Statistics Strategies in strengthening People-centered development

SIDE EVENT

8TH COMMITTEE
ON STATISTICS

Date: 24 August 2022

Time: 09:00-10:00 (UTC+7)

Hybrid: MR-H, UNCC and Zoom

BACKGROUND

The Side Event is an opportunity for sub-regions in Asia-Pacific to share what is being done with respect to regional statistical strategies, including sector specific statistics frameworks.

Beyond the sharing of experiences, discussions will focus on:

- The motivation behind developing regional statistics strategies
- The process for developing these statistics strategies
- How these statistical strategies are monitored
- How these regional strategies complement national statistics strategies
