National SDG Tracker
An analytical tool for national follow-up and review of the SDGs

Arman Bidarbakhtnia
UN ESCAP
Why National SDG Tracker?

UN is tracking progress at “regional” levels

Using ....

- Global list of SDG indicators
- Regional target values
- Regional aggregates & trends
Why National SDG Tracker?

How can “country A” track progress? using its ...

- “National” SDG indicators
- “National” target values
- “National” data and trends

And own the results.
Facilitates:
- Access to your country data for SDG indicators on the global database
- Running calculations in few steps & make sense of your data

Allows you to
- Add indicators & disaggregations
- Edit/add data
- Remove indicators
- Set national targets

Provides you with
Your SDG snapshot and dashboard

A resource for Governments:

How does it work?

Complement SDGs with your national indicators and data

Set your national Target values

1  2  3
How to use the results?

• Inform national planning

• Communicate SDG implementation with regional and global audiences

• Report on SDGs, including VNR
How to Implement?

1. Establish a national team
2. Review, validate SDG & national indicators
3. Set national target values
4. Implement on Tracker
5. Verify results
6. Launch, publish results
