## Session-8 Tourism Industries

### Issues and Challenges
- Human Resource and funding to administer data collection.
- Coordinating with different data generating agencies to source data.
- Convincing / justifying the need for resource (HR and Funds) for statistics development.
- Willingness of respondents to complete the survey.
- Enumerators training.
- Difficulty in identifying and covering all the licensed establishments in the census.

### Lessons Learnt
- Need to ensure regular and consistent data collection to ensure continuity and usability of data (once every 2-3 years).
- Important to translate/interpret data / statistics and analysis into policy briefs for the understanding of the policy makers and stakeholders.
- Insight on different types and size of establishments engaged in providing services to visitors.

### Support Required
- Training and capacity building in tourism statistics development
- Technical assistance in strengthening the existing BSTS framework on Inbound tourism.
- Support / assistance in how to develop / leverage on Big data in tourism.
THANK YOU!!!
