TARGETED PROGRAM ON ECONOMIC AND INFRASTRUCTURE DEVELOPMENT /NEW RECOVERY POLICY/

TARGETED PROGRAM ON ENVIRONMENT

TARGETED PROGRAM ON GOVERNANCE

TARGETED PROGRAM ON REGIONAL DEVELOPMENT

TARGETED PROGRAM TO INCREASE NATIONAL COMPETITIVENESS

EPiC Project background

Reasons:

- Does not have a comprehensive M&E framework
- Some policies had been approved without indicators
- Does not evaluate the policy implementation efficiently
- Lack of SDG implementing mechanism in the policy framework

Objectives:

- Develop indicators set that could be used in long-; mid-; short-term policy planning
- Enhance M&E and planning capacity building
- Align SDGs into the Targeted Development Programs

EPiC Project background: Stakeholders in the project

Leading

> MINISTRY OF ECONOMY AND DEVELOPMENT

Main

> MINISTRY OF LABOUR AND SOCIAL PROTECTION

> NATIONAL STATISTICS OFFICE

> UNDP

Others:

- Ministry of Health
- Ministry of Education and Science
- Ministry of Culture
- Ministry of Construction and Urban Development
- Family, child and youth and development agency
- Training, assessment, and research Institute for labour and social protection

Implementation process

- Online training/workshop
- **In-country workshop**

Practice

- Realistic work plan
- Agility when policy is in development process
- Enhance multistakeholder engagement
- Training/Capacity building

Results: Outputs of the exercise/Contribution to the policy monitoring process
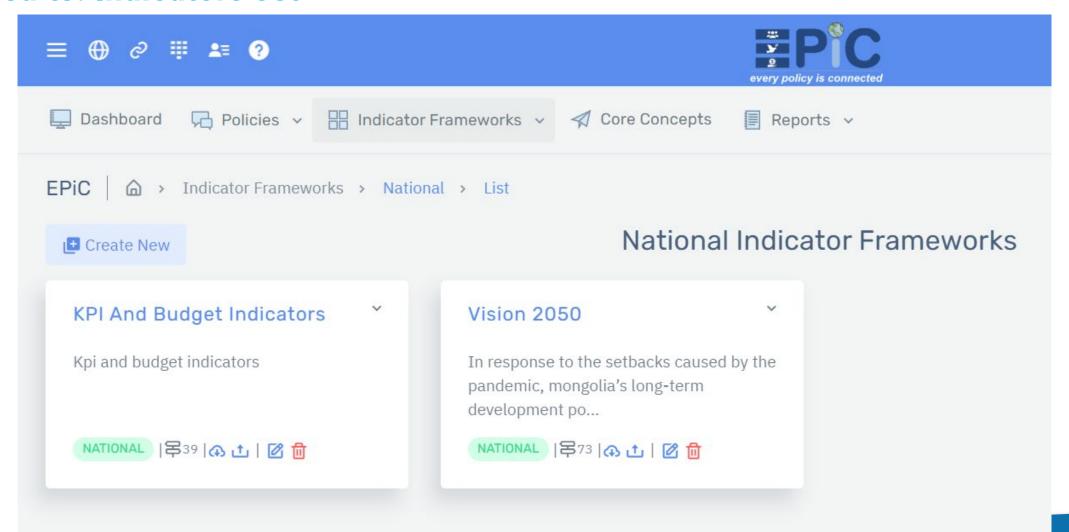

M&E framework
- Indicators framework for TPSD
- Indicators set
- More outcome/impact indicators than Input/activity indicators in the mid-term policy

SDG alignment with the national policy

Capacity building
- Understanding of indicator framework and its importance
- SDG indicators
- Identifying target/reference groups

Results: Indicators set

Results: Draft for the Targeted Program on Social Development
