Thailand Pass – Important Tips

1. Provide your personal email which is not Outlook/Hotmail. **Gmail account** is recommended.

2. You can edit your submission by accessing the website and entering your 6-digit reference number. However, please be advised that this will result in your submission re-entering the approval process. From 29 April 2022, Thailand Pass consideration will take no more than 48 hours (2 days). However, we are recommending for you to register at least 7 days prior to your travel date.

3. Applicants can use their approved Thailand Pass QR Code to enter Thailand on different date of arrival if the new date of arrival is within 7 days before or after the original date of arrival as indicated on the QR Code (no need to re-apply or modify your application). Please note that applicants (non-Thai) are required to show proof of insurance for medical treatments in Thailand for the entire duration of their revised travel itinerary.

4. Each Thailand Pass QR Code can be used only once.

5. It is highly recommended that travelers should have Thailand Pass QR code **both in electronic format and in hard copy**.
Completion of Thailand Pass Registration

Once you have completed the Thailand Pass registration, you should see this page and click OK.

Please ensure to note down the 6-digit reference number which may be used later to check the approval status.
Completion of Thailand Pass Registration

You should also receive an e-mail notification with your 6-digit reference number confirming the receipt of your registration.
Thailand Pass – Checking approval status

You can check your approval status of your Thailand Pass registration by going back to the website and fill in your 6-digit reference number, your passport number and e-mail.

The status of your Thailand Pass registration will appear.
Following reports that a number of applicants have received FAKE and SCAM emails, Thailand Pass wishes to inform and advise the following:

• **DO NOT** respond or click on any attached links in the emails
• Emails from Thailand Pass regarding your applications will only be sent out from one official account (thpass@tp.consular.go.th)
• The system will not ask for any personal information nor request applicant to amend the application by email.
• Please note that all registration processes are done solely on the Thailand Pass website only.
Departure from your country and Arrival in Thailand

• Once your Thailand Pass registration is approved, please download your Thailand Pass QR code from the system.

• Please print out hard copies of relevant documentation including those which may be requested from your airline.

• After disembarkation, you will be required to show your Thailand Pass QR code and relevant documentation to the Disease Control Officers, after whose clearance you will proceed to the Immigration counters.

• While in Thailand, both vaccinated and unvaccinated travellers are advised to strictly follow health and safety standards. Travellers who are experiencing COVID-like symptoms should get tested. If testing positive, they must get the appropriate medical treatment.
