

Expert Group Meeting on Space-derived Data for Air Pollution Monitoring

7 August 2020

09:00 - 12:30 hrs. (UTC+7, Bangkok Time)

via MS Team

Space Applications Section (SAS)

Information and Communications Technology
and Disaster Risk Reduction Division (IDD)

Email: escap-sas@un.org

Next Steps

1. **Support building the Pan-Asia Partnership for Geospatial Air Pollution Information**
2. **Request in-depth discussion with individual countries on enhancing specific capacity on use of space-derived data for air pollution monitoring**
3. **Engage the environment ministries or other relevant stakeholders**
4. **Establish an expert team and an online help desk for technical support and information sharing**
5. **Encourage to participate in the event of International Day of Clean Air for Blue Skies, 7 Sept. 2020**
