An orientation to using the online Sendai Framework Monitor

Learn to use the online Sendai Framework Monitor to report on global and national implementation progress of the Sendai Framework for Disaster Risk Reduction 2015-2030.

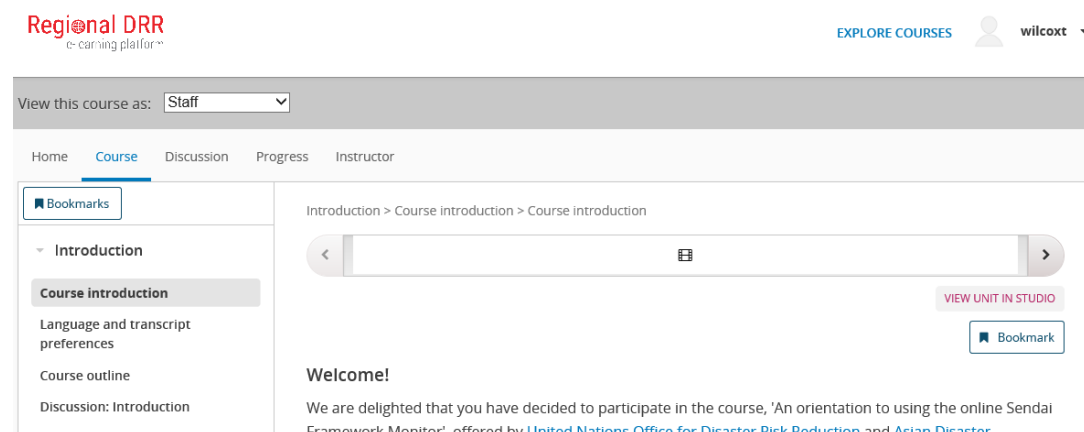

ENROLL NOW

E-Learning Course

- Joint ADPC and UNDRR initiative
(managed on ADPC E-Learning Platform)
- Launched in January 2019, with first update in September 2019 (Next update in mid-2020).
- Designed to “complement” existing training workshops
- Aims to provide an “orientation” to how to use the system, answer basic questions, and allow the user to enter data
- Currently available in 3 of the official UN languages
(English, Chinese and Spanish).
- Utilizes quizzes and requires at least 75% correct answers for receiving certificate

E-Learning Course

- Self-paced, FREE and can start and finish anytime
- Certificate of completion issued
- Online “Discussion Board” to ask questions about the course itself or the SFM
- Over 600 participants so far
- Highly positive feedback and easy to understand videos

Overall Content

Course designed to address:

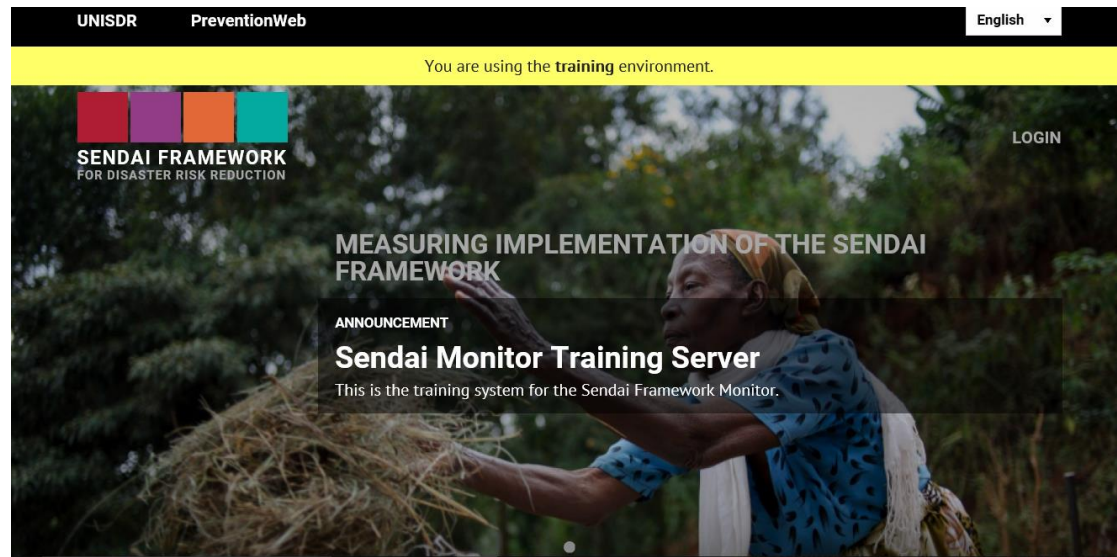

- **Country Profile Data** (e.g. population, exchange rate, % of roads paved etc)
- **Disaggregated data:** Hazard type, Geography, Sex, Age and Disability (SADD)
- **Sendai Framework Targets A to G**
- **Custom Indicators** (Nationally determined optional indicators)
- **Analytics Feature**
- **Sendai Framework Reporting Timeframes**

Online Training System (free to use)

- Webpage: <https://sendaimonitortraining.unisdr.org/>
- Username: [“country ISO code”@sendai.com](mailto:country ISO code@sendai.com)

For example Lao PDR is: lao@sendai.com

- Password: 123456

Plans for the Future

- *Expanded E-Learning*
 - Linking ESCAP E-Learning on Disaster Related Statistics Framework (DRSF) Training
 - Linking FAO: E-Learning on Target C
 - Additional videos and instructions on specific issues (e.g. FAQ)
 - Additional languages (Russian, Arabic and French) – or other languages requested and funding or technical support can be given for.
- *Possible Learning Lab on SFM in APMCDRR (June 2020)*

Thank You
