Show case community empowerment and more specifically the development of women

DATE
25 – 29 NOV 2019

TIME
10 AM – 3 PM
DOITUNG FESTIVAL:
Empowering Communities
@UN THAILAND
Sustainable Alternative Livelihood Development (SALD) is the Mae Fah Luang Foundation’s development approach with an end vision of providing people with sustainable and lifting livelihoods, taking into account the social, economic, and environmental dimensions of their communities.

The Mae Fah Luang Foundation also continuously plays the role of consultant, policy advocate, and Thailand representative on the topic of SALD in various United Nations forums.

From the start, Princess Sirindhorn was aware that in order to be sustainable, development and social entrepreneurship should not be based on sympathy. “Don’t let people buy our products out of pity,” she remarked. As a result, the Doi Tung brand has ensured that its products are of high quality, even those based on folk crafts such as weaving. The primary goal is job creation, with profits being ploughed back into the community to enhance health and education of the people and improve the environment.
