01

Russia's Contribution to Multilateral Development Banks

Russian ODA represents Less than 0.1% of GNI

about 50% of Russian ODA goes to multilateral channel.

Russia as a multilateral donor

Legal framework

- Old Concept of Russia's participation in international development assistance (2007) stated the importance of multilateral channel as the main method of aid delivery
- New State policy concept of the Russian Federation in the area of contribution to international development (2014) defines both bilateral and multilateral methods of aid delivery in more detailed way

Methods of multilateral aid delivery

Contributions to the international organizations of UN system, other international organizations and international financial institutions, international and global funds

Participation in the initiatives of G20, G8, Commonwealth of Independent States, BRICS and other organizations.
Russia is the only country that is a member of G8, G20 and BRICS.

Multilateral channels of aid delivery

- UN organizations, World Bank group, multilateral development banks, Global fund, World health organization, GPEI, International Civil Defense Organization ,etc.
