of the Kyrgyz Republic

DRR IN CENTRAL ASIA

AZAMAT MAMBETOV, KYRGYZSTAN
Landslides and floods

... floods...

... landslides...

... mudflows...

... and thus can become major disasters.
Earthquake treats
ACTIVITY IN THE FIELD OF SUPPLY OF RADIATIVE SAFETY

The map illustrates the placement of burial objects of radioactive and toxic waste. Many waste disposal facilities have formed within the boundaries of populated points such as Malyuu-Suu, Min-Kush, Shekaftar, Sumsar, Kadj-Say, Ak-Tyuz, and Kan, in seismically active zones affected by modern geological processes.
Damage from emergency situations

Annual direct damage from emergency situations
30 – 35 million $

Budget financing on prevention and liquidation of emergency situations is 7 million $

Financial and material losses from emergency situations exceed real possibilities of system of protection the population more than in 5 times.
