

Agenda 4. ASEAN SECRETARIAT ^{p1}

The ASEANstat of ASEAN Secretariat and ASEAN Community Statistical System (ACSS) Committee fully support the 2030 Agenda for the SDG.

The ACSS Strategic Plan 2016-2025 have already covered the work for SDG in the ASEAN Member States (AMS). The ACSS Work Plan 2016 had implemented the SDG activity by conducting workshop on the SDG ^{in June 2016} where the participants from AMS drafted TOR for WG of SDG Indicators. (SDGI) TOR of WGS DGI.

The ACSS Committee adopted the ^{establishment} ~~of the WGS~~ in its ~~the~~ 6th Session of ACSS Committee in Lao PDR on November 2016, The Philippines as a lead country ~~is~~ and Chair for this WG starting in 2017.

In September ASEANstat circulated a template of SDG indicators for AMS to ^{be} submitted ~~to~~ return to ASEANstats on their priority ~~at~~ SDG indicators. This will be mapped by ASEANstats for further discussion (agenda meeting) at the 1st WGS DGI in 2017.

AMS & ASEANstat would be pleased if in very beginning of the WGS DGI meeting ASEANstats & ESCAP can work in collaboration as well as ^{with} the EU-ASEAN COMPASS Project
