## **Economic and Social Commission for Asia and the Pacific**

3rd meeting of the Interim Intergovernmental Steering Group  
on Cross-border Paperless Trade Facilitation

Bangkok, 23-24 March 2017  
Item 3 of the provisional agenda\*

**Report on progress made by the Legal and Technical  
Working Groups on the preparation of a draft road map  
for the implementation of the substantive provisions in the  
Framework Agreement on Facilitation of Cross-border  
Paperless Trade in Asia and the Pacific**

### **Draft road map for the implementation of the substantive provisions in the Framework Agreement on Facilitation of Cross-border Paperless Trade in Asia and the Pacific\*\***

#### *Summary*

The present draft road map has been prepared by the secretariat based on the earlier deliberations of the Interim Intergovernmental Steering Group on Cross-border Paperless Trade Facilitation and its working groups. The structure of the draft road map follows that of the Framework Agreement. It provides a tentative set of actions and tasks to be undertaken collectively and individually by parties to implement relevant articles of the Framework Agreement. Supporting documents related to implementation of each article are listed in the annex.

## **I. Introduction**

1. The draft road map for the implementation of the substantive provisions in the Framework Agreement on Facilitation of Cross-border Paperless Trade in Asia and the Pacific is based on the earlier deliberations of the Interim Intergovernmental Steering Group and its working groups.<sup>1</sup> The purpose of the road map is to better inform Member States of the individual and joint actions they may take after they become parties to the Framework Agreement, and to develop preliminary consensus in this regard. Once the Framework Agreement enters into force, the road map may be used by the Standing Committee as a reference document to plan and facilitate its work.

2. The structure of the draft implementation road map follows that of the Framework Agreement, focusing on substantive provisions requiring parties to

take certain actions. Articles 1 to 5,<sup>2</sup> as well as articles 15 and 16, are declaratory or general in nature and do not require specific actions. Articles 17 to 25 consist of final clauses related to the general administration of the Framework Agreement as a United Nations treaty and are not substantive in nature.

3. Accordingly, the draft road map specifies below actions related to each of the articles 6 to 14. Each action to be taken towards implementation of a given article is broken down into tasks, to be performed by either the Standing Committee of the Framework Agreement or the individual party. A tentative timeline is provided for each collective task of the Standing Committee and its working groups.<sup>3</sup> It may be noted that the first tasks to be implemented upon entry into force of the Framework Agreement will be those related to article 11 to operationalize its institutional arrangements.

4. No specific timeline is provided for actions and tasks to be performed by individual parties since each party is expected to set its implementation timeline based on its own readiness assessment and national priorities as well as resource availability.

5. For each task to be implemented, preparatory work done by the Legal and Technical Working Groups of the Interim Intergovernmental Steering Group is briefly provided in footnote. Supporting documents related to implementation of each article are listed in the annex, along with a tentative description of their contents and development status.
