

FIJI

3a.

Acknowledge the work of the Regional Programme to improve Economic Statistics and improvements inspired by it.

Also acknowledge the assistance of the Australian Bureau of Statistics, Secretariat of the Pacific Community, IMF, ADB and ILO.

There has been real improvements in Fiji's capacity to compile Economic Statistics, namely the major achievement of compiling annual SUT. Major progress also in the development of PPI (Services) which has provided great insight into the structure and workings of certain sectors of the economy.

There has been improvement in the estimation of the country's International Investment Position and Trade In Services.

On SEEA we have started work on compiling the following Accounts:
Energy Flow
Water Flow
Land Cover
Solid Waste
