

Introduction to the 2030 Agenda and the Interconnectedness of the SDGs

Systems Thinking and Integration of the SDGs into National Planning
UN ESCAP/UNDP Training Workshop to support Preparation of the VNR of Turkmenistan
26-28 February 2019

Session 1

Aneta Nikolova, Environment and Development Division, UNESCAP
Zulfiya Suleimenova, International Consultant, ESCAP/UNDP

The 5Ps
underpinning
the 2030
Agenda for
Sustainable
Development

2030 Agenda - requires integrated policy approaches

“ The 17 goals represent an indivisible tapestry of thinking and action that applies in every community everywhere in the world. They are universal...and also indivisible. Though they are presented as individual goals, they actually represent a total, completely intertwined lattice of action that is relevant for every human being everywhere. ”

David Nabarro, Under-Secretary General, Special Adviser on 2030 Agenda

**A
Journey
from MDGs
to SDGs**

Integration of the Three Dimensions of Sustainable Development

Investing in natural capital

Greening of the economy

Strengthening environmental
management

Double dividend

Transformation towards Sustainable and Resilient Societies

Transformation
with focus on
human rights

Rights
people

Low Carbon Green Growth- transformation to the New Climate Economy

Benefits of
Integrated
Poverty
Reduction Policies
with Overall SDG
Implementation

The Way Forward

Integrated SDG planning with transformative stakeholder engagement

Sustainable financing, including for climate resilient development and infrastructure

---

Integrated planning to optimize resources; scale up the use of nature-based solutions, including green and blue infrastructure in urban and peri-urban areas

---

Circular economy approaches to reduce waste and address pollution issues

---

Low carbon green growth/new climate economy for sustainable development

---
