Agenda item 3(a); IRAN

Thank you chair. Thanks to such efforts of steering Group. The 2030 Agenda for SDG indicates the eradication of poverty and all countries have pledged to implement. Since, there is a big difference among the Asia and Pacific countries, I suggest that help those countries cannot follow up Household Budget survey or socio economic survey, because these surveys are main sources for such purpose. The main challenge here is the lack of fund for some countries in the region.
