Commercial, scientific and technological, hydro-meteorological infrastructure facilities, infrastructure facilities of economic zones and information technology parks

Agricultural and rural infrastructure facilities

Other sectors pursuant to Prime Minister's decision

Contract types

BOT

BTO

BT

BOO

O&M

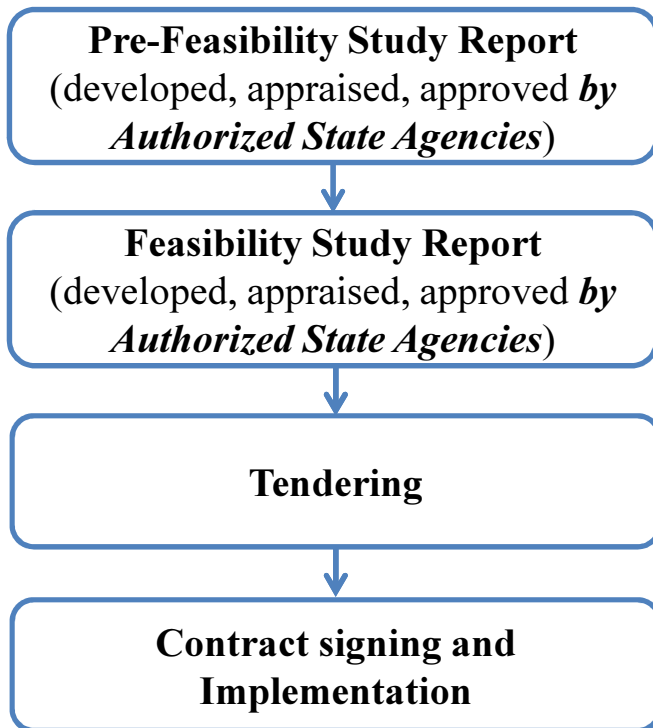

BTL

BLT

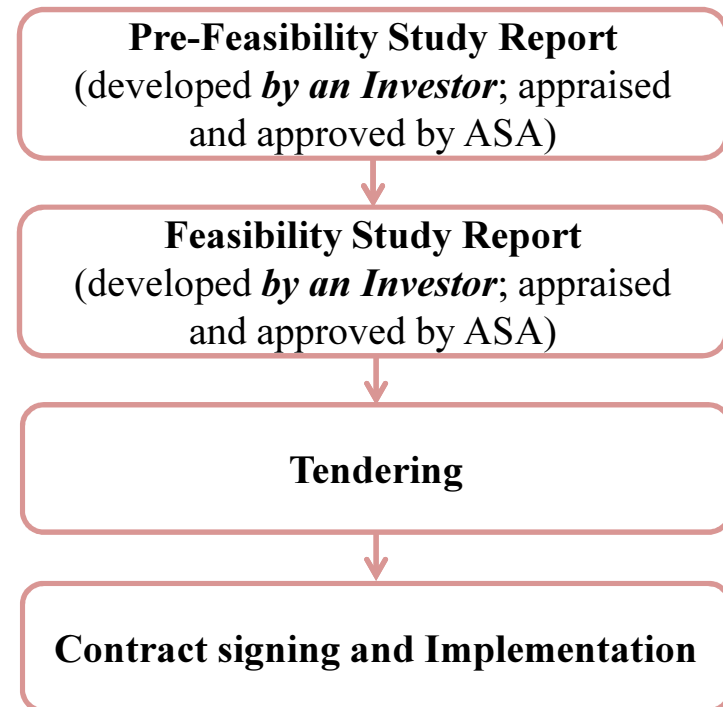

Procedure of PPP implementation

Solicited Projects (proposed by Authorized State Agencies)

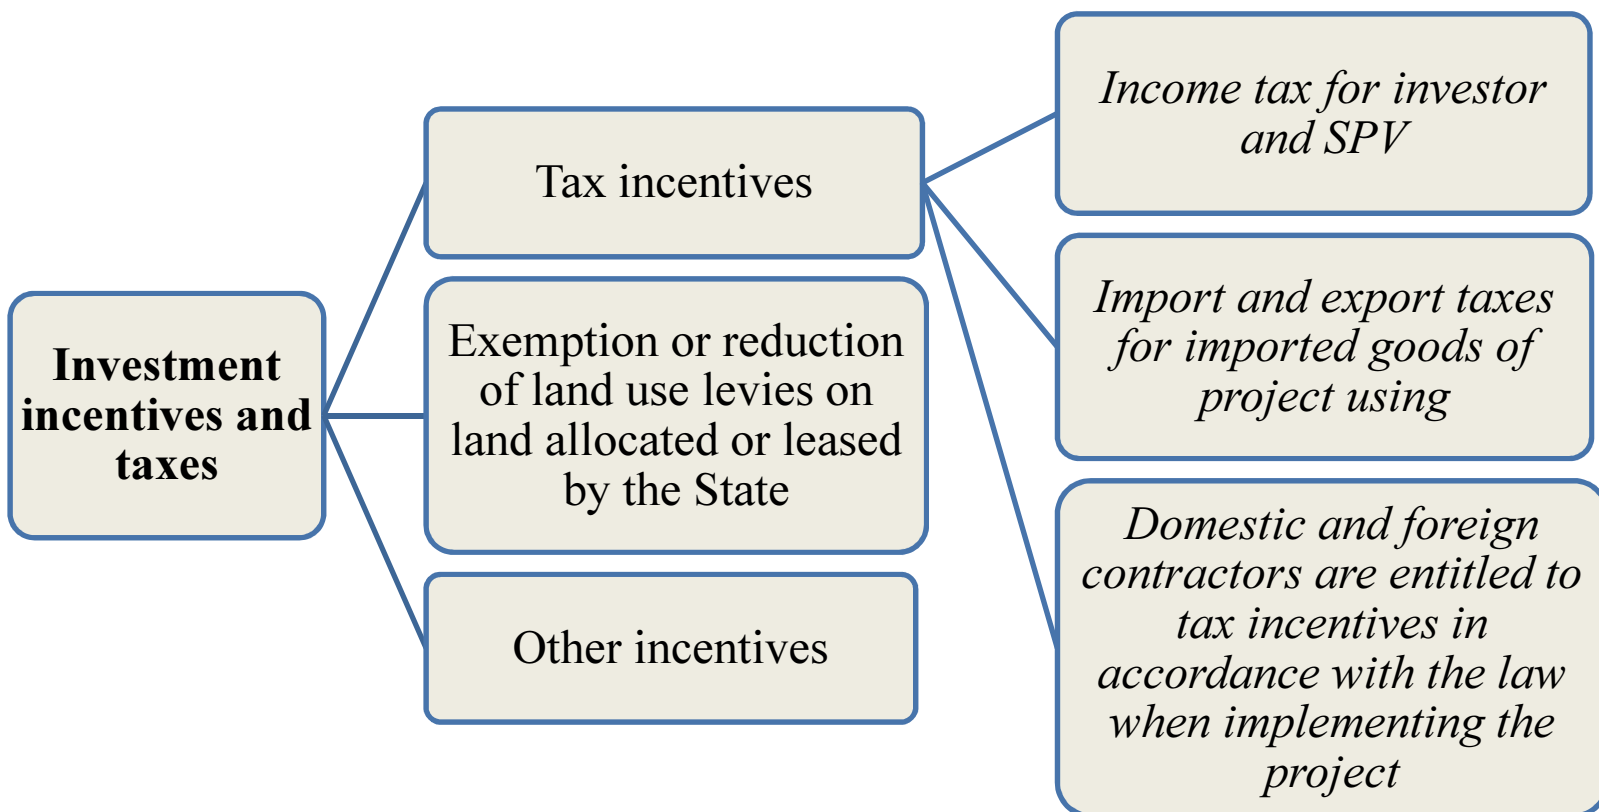

Unsolicited Project (Proposed by investors)

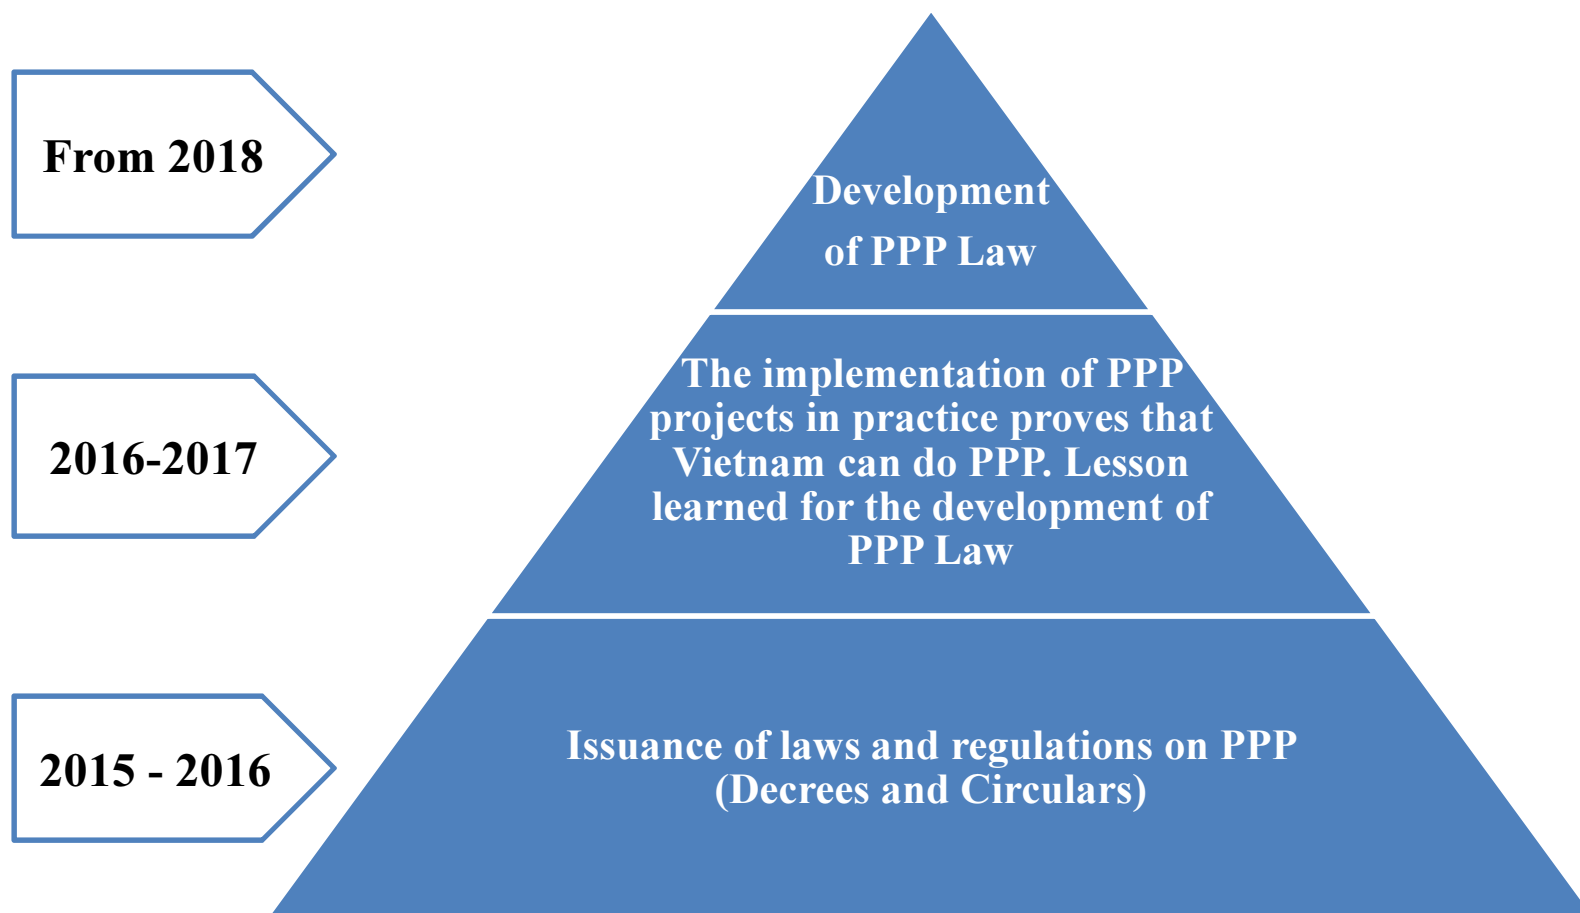

Note:

1. There is a separate and shortened procedure for PPP projects of small scale (with total investment less than 2 million USD).
2. Projects proposed by investor still have to go through procurement process. However, the project proponent will be entitled to incentives in procurement process.

Incentives and guarantees for PPP investors

Roadmap for the implementation of PPP program
