

# Sustainability monitoring and disclosure – how can it help drive the process?

Regional Conference on Aligning  
Corporate Sustainability with SDGs

*Pietro Bertazzi Sr. Manager Public Policy  
and International Affairs*

# Sustainability Reporting (SR)

# Sustainability Reporting (SR)

- How do you measure sustainability impacts?
- More than sustainability reports
- Transparency and Accountability
- a holistic view of organizational impacts and value creation
- Big Data and the role of technology as a force for change

# SR and Sustainable Development

**RIO** United Nations  
**2012** Conference on  
Sustainable  
Development

**Paragraph 47** of the outcome document *The Future We Want* recognized Governments' importance for advancing **corporate sustainability reporting**.

*47. We acknowledge the importance of corporate sustainability reporting, and encourage companies, where appropriate, especially publicly listed and large companies, to consider integrating sustainability information into their reporting cycle. We encourage industry, interested governments and relevant stakeholders, with the support of the United Nations system, as appropriate, to develop models for best practice and facilitate action for the integration of sustainability reporting, taking into account experiences from already existing frameworks and paying particular attention to the needs of developing countries, including for capacity building.*

# SR and Sustainable Development

- *Target 12.6:*  
“Encourage companies, especially large and transnational companies, to adopt sustainable practices and to integrate sustainability information into their reporting cycle”
- *Monitoring and Accountability*
- *Financing for sustainable development*

# Growth in SR

*Data from KPMG Survey on Corporate Responsibility Reporting 2013*

# Growth in SR by region

*Data from KPMG Survey on Corporate Responsibility Reporting 2013*
