

Item 2  
(Samoa)

United Nations Conference Centre, Bangkok

Samoa on behalf of the Pacific Islands developing states congratulate your appointment as chair, and ~~go~~ their support for the collective vision and the framework for actions under discussion.

Second, we recommend that consideration should be given to adopting and using some of the tools that were introduced yesterday in the Eurostat Seminar to aid us in our strive to track and measure progress in implementing the 2030 sustainable development agenda. In doing this we believe that consistency, comparability and relevancy would be ensured.

Thirdly, we remind the committee that not all the 230 indicators are relevant to our respective countries development priorities.
