Comments

- Missing link between NTMs and Sustainable Development
- AVEs of NTMs
- ITC survey
- Case studies on the relationship of NTM and FDI
- There is no explicit conclusion in the end of the chapter. Some policies recommendations would be informative for the reader

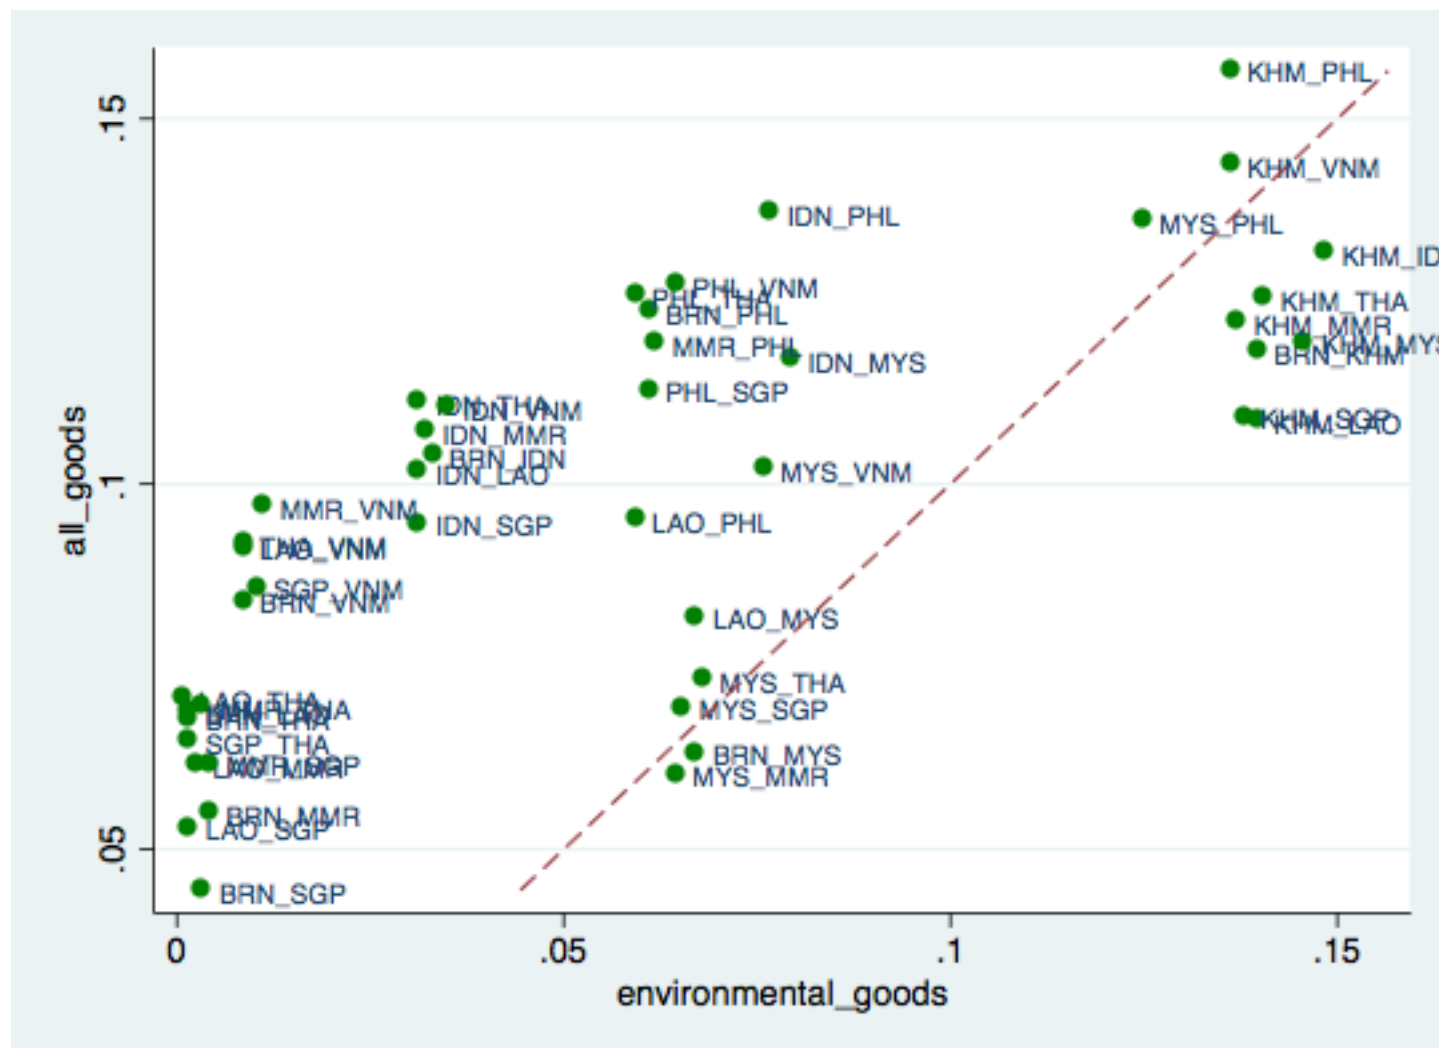

Comments

- Lack of technical details regarding the NTM effects on trade values and FDI
 - AVEs of NTMs: missing trade
- FDI case studies
- Link with Environmental goods (e.g. APEC list)
 - How does regulatory distance differ in environmental goods in comparison to all HS products?
