Addressing the Needs of Member States

A preliminary assessment of stakeholders' needs in relation to the products and functions offered by the SDG Help Desk was initiated in July 2017:

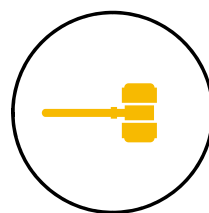

Mapping stakeholders

VNR focal points, SDG focal points, particularly from countries with special needs (LDCs, LLDCs and SIDS)

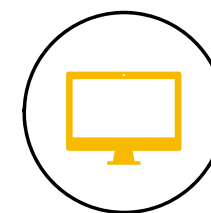

Needs assessment

Identifying gaps in capacity for implementation of the SDGs, learning needs within the national context, and expectations for the SDG Help Desk

Regional Expert Consultation

Scoping on the SDG Help Desk, seek feedback on proposed concept, user interface and functionalities

Hands-on and networking

Live test during SDG Week 2017 including hands-on and networking sessions to present final concept

SDG Community of Practice

The screenshot shows the homepage of the SDG Community of Practice forum. At the top is a dark blue header with a search bar containing the text "Search SDG Community of Practice". To the right of the search bar are icons for chat, notifications, and a user profile. Below the header, the main content area has a light gray background. It features the title "SDG Community of Practice" in bold, followed by a subtitle: "A discussion forum for best practices for the 2030 Agenda and the Sustainable Development Goals." To the right of the subtitle are "Manage" and "+" buttons. Below this is a user profile picture and a text input field with a plus icon and the placeholder text "Share what's on your mind...". Further down are two dropdown menus: "SHOWING PERSONAL FEED" and "SORTED BY LAST ACTIVITY". Below these is a "Featured" section with a "SEE MORE" link. The featured section contains three cards: 1. "Why the SDG Community of Practice?" with a photo of a woman and child, stating the mission is to bring together all sustainable... 2. "Member Guidelines" with a photo of silhouettes of people raising their hands, stating they are all here to accomplish the same goals... 3. "New to the community? Here!" with a photo of a network diagram, welcoming new members. Each card is attributed to the "SDG Help Desk Team".
