

# ROK's Contributions to SDG Implementation

---

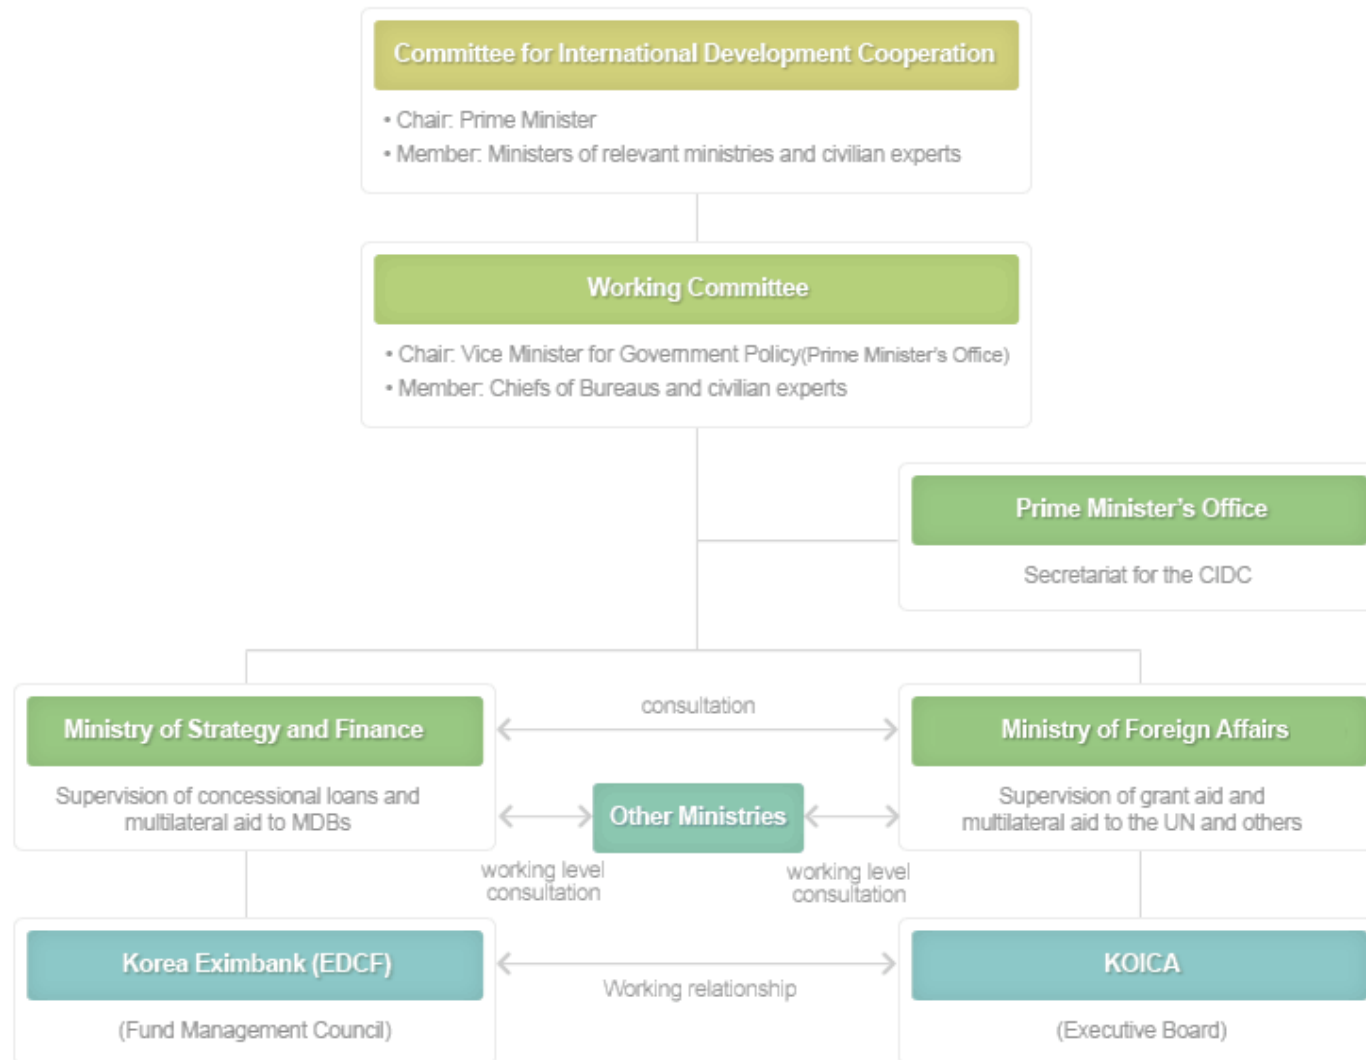

**North East Asian Multistakeholder Forum on SDGs  
September 5 2019**

# Institutional Mechanisms for SDG Implementation in ROK

---

# Institutional Mechanisms for Development Cooperation

## Progress towards SDG 4 (Quality education)

---

- Established a working group for SDG4, involving MoE, Korea National Commission for UNESCO and 8 domestic educational institutions ('17)
  - ✓ Consultations for localized indicators
  - ✓ Awareness raising
- Introduced or improved various policies for equal and quality education for all
  - ✓ Innovation of early childhood education ('17)
  - ✓ Lifelong learning center for persons with disabilities ('18)
  - ✓ Innovation of lifelong vocational education and training ('18)

## Progress towards SDG 8 (Decent work and economic growth)

---

- Introduced policies to encourage paternity leaves ('17, '18)
- Compulsory employment schemes for persons with disabilities
  - ✓ Make public the list of companies that do not meet legal targets substantially and impose penalties
- Joint regular surveillance for protecting children's labor rights
- Expansion of e-learning for business owners in rural areas to protect migrant workers' rights
- Increase the number of service centers for migrant workers

## Progress towards SDG 10 (Reduced inequality)

---

- Increased women participation in the cabinet (30%) and government-led committees (40%)
- Introduced targets to increase women proportion at senior level in the government (10%) and public institutions (20%) by 2022
- Restoration of Presidential Committee for Balanced National Development ('17)
- Adoption of the decentralization roadmap ('17)
- Increased minimum wages by 16.4% ('18)

## Progress towards SDG 13 (Climate action)

---

- Revised the national GHG reduction roadmap to ensure coherence with newly introduced energy transition plans and air quality policies ('18)
  - ✓ Cut GHG emissions by 37 percent from BAU levels
  - ✓ Increase renewable energy to 20% by 2030
- Development and implementation of the 5-year strategy for Climate Change Adaptation at central and local levels
- Improved SMS-based disaster alert system

## Progress towards SDG 16 (Peace, justice and strong institutions)

---

- Enforcement of Anti-Graft Act ('16)
- Launch of Presidential Anti-Corruption & Civil Rights Commission ('17)
  - ✓ Adoption of a 5-year anti-corruption plan ('18)
- Provision of legal consultations to SMEs investing overseas on anti-corruption, law-abiding business management, etc.
