FUNDAMENTAL TRANSIT POLICY ISSUES IN MONGOLIA

EURO-ASIAN REGIONAL MIDTERM REVIEW OF THE VIENNA PROGRAMME OF ACTION
Bangkok, Thailand, February 11-12, 2018
• STATUS OF IMPLEMENTATION OF PRIORITY 1
• CHALLENGES FACING
• WAY FORWARD, SUGGESTIONS
STRENGTHENING LEGAL BASIS OF MULTILATERAL, REGIONAL AND BILATERAL COOPERATION ON TRANSIT TRANSPORT

- INTERGOVERNMENTAL AGREEMENT ON DRY PORTS, acceded in 2016
- INTERGOVERNMENTAL AGREEMENT ON THE ACCESS TO AND FROM THE SEA AND TRANSIT TRANSPORTATION THROUGH CHINESE TERRITORY BY MONGOLIA, renewed in 2014
- INTERGOVERNMENTAL AGREEMENT BETWEEN GOVERNMENTS OF MONGOLIA AND THE PEOPLE’S REPUBLIC OF CHINA ON DEVELOPING RAILWAY TRANSIT TRANSPORTATION, signed in 2014
- INTERGOVERNMENTAL AGREEMENT BETWEEN GOVERNMENTS OF MONGOLIA AND THE RUSSIAN FEDERATION ON TERMS FOR RAIL FREIGHT TRANSIT TRANSPORTATION, signed in 2018
STRENGTHENING LEGAL BASIS OF MULTILATERAL, REGIONAL AND BILATERAL COOPERATION ON TRANSIT TRANSPORT

- MONGOLIA–RUSSIA–CHINA ECONOMIC CORRIDOR PROGRAM, signed in 2016
- TRILATERAL INTER-AGENCY MEMORANDUM OF UNDERSTANDING ON ESTABLISHING A TRILATERAL MECHANISM COORDINATING “MONGOLIA–RUSSIA–CHINA ECONOMIC CORRIDOR PROGRAM” IMPLEMENTATION, signed in 2018
- INTERGOVERNMENTAL MEMORANDUM OF UNDERSTANDING ON ALIGNING MONGOLIA’S “DEVELOPMENT ROAD” PROGRAM WITH CHINA’S “BELT AND ROAD INITIATIVE”, signed in 2017
- WITH LATVIA, INTERGOVERNMENTAL AGREEMENT ON INTERNATIONAL ROAD TRANSPORTATION, signed in 2014
- WITH HUNGARY, INTERGOVERNMENTAL AGREEMENT ON FREIGHT AND PASSENGER TRANSPORTATION BY ROAD, signed in 2018

Joint Center for Investment Planning and Projection based in Ulaanbaatar
COOPERATION WITH TRANSIT COUNTRIES IN SIMPLIFICATION AND HARMONIZATION OF BORDER CROSSING

1. Railway border crossing:
   - Mongolia introduced parallel technology system that reduced train receiving procedure time at Zamiin-Uud station by 173 minutes (248 minutes).

2. Faster processing of container trains:
   - Excluded the locomotive changing procedure for whole travel;
   - Technical maintenance time at technical station reduced from 60-70 minutes to 30-40 minutes.

Reduced the travel time: freight transportation 850-950 km per day.

- Russia to China: 28 hours, became 27% faster
- China to Russia: 31 hours, became 26% faster
In 2016, Mongolian and Russian railway authorities signed a contract on exchanging electronic documents by IFTMIN: 14103 documents received, 12591 documents sent.

**Phase I:**
Beginning stage of paperless procedure for railway transportation: Consignment notes and Transfer lists are exchanged fully Electronic version since May 2017 /IFTMIN, IFTSUM/.

In 2018, started implementing E-sign between Ulaanbaatar Railways and Russian Railways, with regard to international and domestic transport documents.

**Phase II:**
FACILITATION MEASURES AT RAILWAY BORDER CROSSINGS

Development of sufficient and efficient capacities for transshipment: Zamiin-Uud Regional logistics center

LEGAL AND POLICY REFORM

• Road Law (Renewed in 2017)
• Waterway Transport Law (Renewed in 2017)
• State Policy on Civil Aviation (amended)
• State Policy on Railway Transport (amended)
• Transport law (planning to renew)
• Railway Transport Law (planning to renew)
• Civil Aviation Law (planning to renew)
• State Policy on Road Transport (planning to map out)
CHALLENGES

INTERNAL:
1. Insufficient coordination among the government agencies as well as with private sector with regard to implementation of the VPoA
2. Lack of adequate financial resources to implement infrastructure facilities that connect with those of transit countries. Example: considerable missing railway links remain in Mongolian territory that hamper actual benefits the preferential agreements reached with transit countries in transit transportation.
3. Lack of institutional capacity in formulating bankable mega infrastructure projects.

EXTERNAL:
1. Insufficient attention given by the transit countries, especially at local government level, to implementation of the VPoA
2. Insufficient cooperation with transit countries’ ministries of transportation and agencies responsible for border, customs controls.
INTERNAL:

1. Establish a National Working Group, led by Deputy Prime Minister, on the coordination of VPoA implementation
2. Actively look for financial resources from various financial institutions and companies, and explore various ways of financing to construct necessary infrastructure facilities
3. Implement capacity building programs in cooperation with development partners

EXTERNAL:

1. Actively work to deepen cooperation with transit countries’ relevant ministries and agencies.
2. Call upon transit countries to make more efforts to implement the VPoA. Global and regional review reports on the implementation of the VPoA should put more emphasis on the implementation progress of the transit countries.
3. The outcome document of the Comprehensive High-level Midterm Review should call upon not only the landlocked developing countries, but also transit countries and developments partners to prepare and publish their reports on the implementation of the VPoA
