

Session 3

Pacific Forum on Sustainable Development

The Regional Road Map for Implementing the 2030 Agenda for Sustainable Development in Asia and the Pacific

Identifies five “Means of Implementation”, in line with the 2030 Agenda for Sustainable Development

- Data and Statistics
- Technology
- Finance
- Policy coherence
- North-South, South-South, International and regional partnerships

Questions for discussion

QUESTION 1:

What initiatives/programmes/projects have advanced progress in this area in your country? What is the evidence of progress? Focus on projects that have applied the means of implementation:

- Data and Statistics
- Technology
- Finance
- Policy coherence
- North-South, South-South, International and regional partnerships

QUESTION 2

- What barriers were overcome, and what are the lessons learned from implementation ?
