Basic thesis:

- **One of the most important activities of our organization is the creation and implementation of a program of system support and improvement of the quality of life of people with disabilities and older citizens, the creation of conditions for active longevity;**
- **The worst consequence of inequality is poverty. Poverty and disability make a vicious circle: disability leads to poverty and poverty leads to disability;**
- **The main emphasis in the work on poverty reduction will be withdrawal of families with children, who now make up the bulk of the poor, from poverty.**

Initiatives:

- Culture;**
- Civil society;**
- Information technologies;**
- Program "People of the Rain";**
- The art-therapy.**

Analysis of monitoring of employment problem led to the following conclusions:

- **The need for employment of unemployed persons with disabilities of working age is very high;**
- **Level of professional education of persons with disabilities rather high;**
- **The need of persons with disabilities in vocational training is also quite high.**

Objectives of the projects include:

- Development of recommendations for a national strategy;
 - Introduction of modern methods of rehabilitation;
 - Improvement of coordination and cooperation;
 - Improvement of the quality and effectiveness;
 - Provision of equipment;
 - Dissemination of the experience of the pilot projects.
- The purpose of new policy of employment for people with disabilities is their integration into the open labour market with the participation of people with disabilities themselves in development of policy acts.

Creation of labor places, as models:

- interactive museum space "Peace to the touch";
