

ADVANCING OFFICIAL STATISTICS FOR THE 2030 AGENDA: A COLLECTIVE VISION AND FRAMEWORK FOR ACTION

Preparatory meeting for EGM “Navigating Policy and Data to Leave No one Behind”

Ivana Brnovic
Statistics Division, ESCAP
12 June 2018

Rationale for the Collective Vision

- Demand for quality, accessible, timely and reliable disaggregated data
- Recognition of methodological and capacity gaps of NSSs
- Commitment to addressing systemic issues through SDGs Targets 17.18 and 17.19
- Recognition of statistical development as a development issue

Collective Vision for transformation

“ ... by 2030, national statistical systems are enabled and empowered to lead development of and to deliver innovative, trusted and timely products and services for urgently needed and evolving statistical requirements of Agenda 2030.”

Key actions areas

- Action A: Engaging users and investing in statistics
- Action B: Assuring quality and instilling trust in statistics
- Action C: Integrated statistics for integrated analysis
- Action D: Modernizing statistical business processes
- Action E: Having requisite skills set

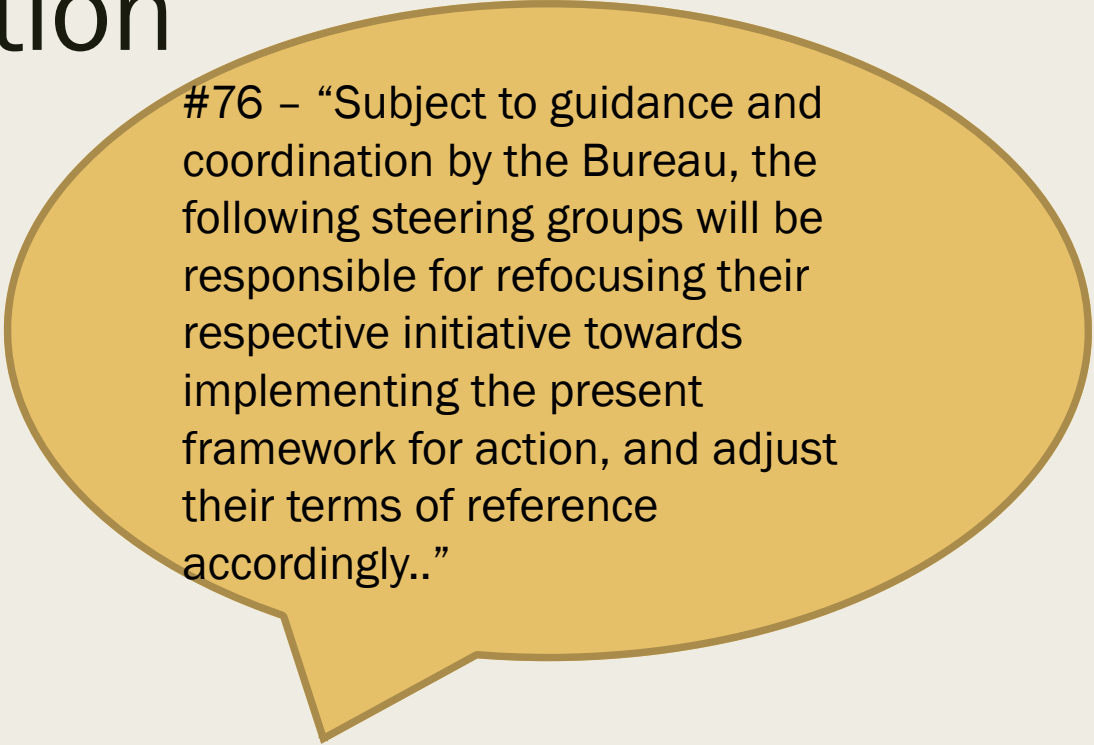

Key Principles

- Multi-stakeholder engagement (complementation, collaboration and coordination) to produce regional resources
- Collective actions add value to ongoing and prospective national actions
- Building on existing commitments to statistics development at national, sub-regional, regional and global levels

Means of implementation

- Existing capacity development initiatives

- *Economic Statistics;*
- *Population and Social Statistics;*
- *Civil Registration and Vital Statistics;*
- *Disaster-related statistics;*
- *Agricultural and rural statistics*
- *Network for the Coordination of Statistical Training in Asia and the Pacific*
- *Partners for Statistics Development in Asia-Pacific*

#76 – “Subject to guidance and coordination by the Bureau, the following steering groups will be responsible for refocusing their respective initiative towards implementing the present framework for action, and adjust their terms of reference accordingly..”

Means of implementation

- Consideration of new mechanisms

A regional expert group on integrated statistics and innovation

Vs.

A network of expert groups that deal with integrated statistics and innovation

Means of implementation

- Global and sub-regional mechanisms
