

Taking Collective Action to Accelerate Transformation of Official Statistics for Agenda 2030

27 -28 March 2017
UNCC Bangkok

Strengthening National Indicator Frameworks to Drive National SDG Implementation

Moving Forward

Transform official statistics, transform the world

We, the Asia-Pacific statistical community, comprising leaders of national statistical systems and development partners active in the region, share the vision that

*by 2030, national statistical systems are **enabled** and **empowered to lead** development of and to **deliver** innovative, trusted and timely products and services for **urgently needed and evolving statistical requirements of Agenda 2030.***

**National Actions and
Regional Support to
Strengthen National Indicator
Frameworks to Drive National
SDG Implementation**

NSO empowerment

Developing national comprehensive indicator framework: Actions

- NPOs/SDG body to initiate development of national indicator framework
- NSOs to provide technical advice to relevant institutional mechanism in SDG mainstreaming process to ensure SMART targets
- NSOs to provide technical support to indicator formulation in consultation with relevant line ministries
- Civil society groups actively participate, including by acting as pressure groups for identifying priority issues and ensuring that hard-to-reach groups are not left behind.

Developing national comprehensive indicator framework: Regional Support

- Regional platform to bring relevant stakeholders together on regular basis for raising awareness on SDG monitoring
- *Advocacy* for involvement of NSO in developing goals and targets, enacting statistical laws that strengthen coordinator role among high political leaders
- Training to implementing agencies on: SDGs and policy linkages, SMART targets, role of statistics in monitoring
- Support to NSOs to take more active role and increase its capacity in providing data support in a modernized way
- Technical support to improve systems for integrating administrative data sources
- UNCT supports user producer dialogue at the national level

Compiling and using indicators for progress assessment: Actions

- NSOs to lead establishment of micro-data hub, incorporating SDGs, in collaboration with all data providers, including custodians of administrative data, with xxx features
- NSOs to lead establishment and maintenance of national integrated, incorporating te SDGs, with open access to the public

Using NIFs for Strengthening data and statistics: Actions (1)

- NPOs to include NSDS as a component of NDPs
- NSOs to continue strengthening engagement with line ministries and local government entities to identify priority monitoring and statistical information needs to support their SDG implementation, ensure that these needs are adequately integrated in developing and updating the NSDS
- NPOs to ensure that a budget plan to support NSDS implementation is consulted, agreed to and provided by relevant ministries

Using NIFs for Strengthening data and statistics: Actions (2)

- NPOs to ensure that a budget plan to support NSDS implementation is consulted, agreed to and provided by relevant ministries
- NSOs to use national comprehensive indicator frameworks
 - to conduct analysis in consultation with line ministries
 - to identify gaps in data availability and quality, measurement frameworks and institutional mandates

Using NIFs for Strengthening data and statistics: Regional support

- Advocacy to national leaders that data/statistics are key to implementation of SDGs at relevant internal forums
- Call on governments to make statistical development part of national development priorities
- Build capacity for development of effective NSDS
- Guidelines for xxxx
