## PART I. GROWTH PROSPECTS AND CHALLENGES

<b>Chapter 1. Maintaining growth momentum amid uncertainties and internal challenges</b> .....	1
<b>Growth recovery under pressure</b> .....	3
Slow growth and policies of developed economies having an impact on the region .....	3
Region's growth and inflation prospects .....	10
Prospects in the region's major developing economies .....	13
Gradual trade recovery .....	16
Positive outlook for foreign direct investment .....	21
<b>Socio-economic challenges</b> .....	23
Jobs growth and quality still show mixed progress .....	23
Inequality hampering sustainability of growth .....	25
<b>Policy options to deal with longer-term challenges and near-term risks         and vulnerabilities</b> .....	28
Productive government spending to support sustainable growth .....	28
Productive investment in youth .....	31
Mitigating risks from volatility of capital flows .....	31
<b>Conclusion</b> .....	32
<b>Chapter 2. Macroeconomic performance and policy challenges at the subregional level</b> .....	35
<b>East and North-East Asia</b> .....	38
Recovery under way as the external environment improves .....	38
Lower commodity prices kept inflation in check .....	41
Mixed performance on current account balances .....	42
Policy responses and structural reforms: promotion of sustained growth .....	43
Outlook for 2014 and policy challenges .....	44

# CONTENTS *(continued)*

	<i>Page</i>
<b>North and Central Asia</b> .....	45
Slower economic growth due to subdued commodity prices .....	45
Inflation edged up on non-food items .....	48
External current account balances generally deteriorated .....	48
Policy responses and structural reforms .....	50
Outlook for 2014 and policy challenges .....	52
<b>Pacific</b> .....	54
<i>Pacific island developing economies:</i>	
Growth slowed amid lower commodity prices .....	54
Moderate inflationary pressure .....	57
External current account deficits remained large .....	57
Policy responses and structural reforms: fiscal consolidation and private sector promotion .....	58
Outlook for 2014 and policy challenges .....	60
<i>Australia and New Zealand:</i>	
Growth performance weakened .....	61
Inflationary pressure remained modest .....	63
Stronger exports narrowed current account deficits .....	63
Policy responses: fiscal consolidation .....	64
Outlook for 2014 and policy challenges .....	64
<b>South and South-West Asia</b> .....	64
Slight pickup in growth .....	64
Inflation softened but still elevated .....	67
External current accounts improved on export rebound .....	68
Policy responses and structural reforms: accommodative macroeconomic policies .....	70
Outlook for 2014 and policy challenges .....	71
<b>South-East Asia</b> .....	74
Diverse growth performance .....	74
Stable inflationary pressure .....	77
External current accounts: exports picked up towards year-end .....	78
Policy responses and structural reforms: multi-faceted reform agenda moves forward .....	79
Outlook for 2014 and policy challenges .....	81
<b>Conclusion</b> .....	83

# CONTENTS *(continued)*

	<i>Page</i>
<b>Chapter 3. Domestic resource mobilization: options for expanding fiscal space</b> .....	87
<b>Creating fiscal space</b> .....	89
<b>Boosting tax revenues</b> .....	93
<b>Composition of tax revenues</b> .....	94
Indirect taxes .....	94
Direct taxes .....	96
<b>Monitoring tax revenues</b> .....	97
Tax buoyancy .....	97
Tax potential .....	98
<b>Rates of major taxes</b> .....	100
Corporate taxes .....	100
Income taxes .....	102
Sales taxes .....	103
Taxation of imports .....	103
<b>Exemptions and concessions</b> .....	106
<b>Policy options to enhance tax revenue</b> .....	108
Broadening the tax base and rationalizing rates .....	108
Tackling tax evasion and tax fraud .....	110
Improving tax administration .....	112
Sequencing tax reforms .....	113
Promoting regional cooperation .....	114
<b>Conclusion</b> .....	115
<b>Annex I. Data used in this chapter</b> .....	116
<b>Annex II. Computation of tax buoyancy</b> .....	116
<b>Annex III. Estimation of tax potential and tax gap</b> .....	116
<b>References part I</b> .....	119
 <b>PART II. REGIONAL CONNECTIVITY FOR SHARED PROSPERITY</b> 	
<b>Chapter 4. Regional connectivity for shared prosperity</b> .....	127
<b>Introduction</b> .....	128
Connecting countries creates new opportunities for development .....	128

# CONTENTS *(continued)*

	<i>Page</i>
Understanding “regional connectivity” .....	129
<b>The role of regional connectivity in supporting growth and development .....</b>	<b>129</b>
Regional integration efforts drive initial trade growth .....	129
Emergence of regional production networks and value chains .....	130
Explaining differences in subregional performance .....	132
The role of trade and transport connectivity .....	133
Economies of scale in transport, competition and non-physical barriers to trade ....	134
<b>New drivers of growth shaping development patterns into the future .....</b>	<b>135</b>
Trade and transport connectivity remains a priority .....	135
ICT connectivity as an enabler and driver of growth .....	136
Expanding the region’s trade in services .....	138
Energy connectivity and security .....	139
Responding to population dynamics .....	141
Transitioning to knowledge-based economies .....	142
<b>Regional strategies for strengthening connectivity in the ESCAP region .....</b>	<b>143</b>
<b>Annex I. Measuring the impact of broadband infrastructure     on economic growth .....</b>	<b>143</b>
<b>Chapter 5. Regional strategies for strengthening regional connectivity .....</b>	<b>151</b>
<b>Trade and transport connectivity .....</b>	<b>152</b>
The status of trade and transport connectivity in the region .....	152
Upgrading and integration of regional transport networks .....	153
Enhancing cooperation at border crossings .....	154
Harnessing ICT connectivity for trade and transport facilitation .....	157
Developing competitive regional transport and logistics services .....	160
<b>Information and communications technology connectivity .....</b>	<b>162</b>
The evolution of the “digital divide” in Asia and the Pacific .....	162
Towards an Asia-Pacific information superhighway .....	163
Harnessing cross-sectoral synergies for infrastructure development .....	164
Strengthening the ICT connectivity of Pacific island economies .....	166
<b>Energy connectivity .....</b>	<b>168</b>
Current status of energy connectivity in the region .....	168
Towards an Asian Energy Highway .....	170
The need for a strong institutional framework .....	172
<b>People-to-people connectivity .....</b>	<b>173</b>

# CONTENTS *(continued)*

	<i>Page</i>
Increasing mobility in the ESCAP region .....	173
Benefits and challenges of international labour migration .....	173
Cooperative approaches to managing international labour migrant flows .....	175
Strengthening knowledge networks of people and institutions .....	176
Strengthening business networks and associations .....	178
Putting individuals at the heart of people-to-people connectivity .....	179
<b>Chapter 6. Strengthening institutional coordination and regional cooperation .....</b>	<b>187</b>
<b>Strengthening institutional responses to regional connectivity .....</b>	<b>188</b>
Coordination at the regional level .....	190
<b>Statistical standards for strengthened accountability and better policymaking ....</b>	<b>193</b>
Strengthening statistical capacity in the Asian and Pacific region .....	196
<b>Regional solutions for financing regional infrastructure networks .....</b>	<b>196</b>
Regional projects as “regional public goods” .....	196
Regional infrastructure funds .....	197
Regional Project Preparatory Facility .....	198
Asian Multi-donor Platform .....	198
Public-Private Partnerships .....	199
<b>Chapter 7. Conclusions .....</b>	<b>203</b>
<b>References part II .....</b>	<b>209</b>
