First of all, thank you ESCAP for arranging the 5th session of the committee on statistics, this session is very useful for the members as well as the associate members to reflect, exchange views for better statistical system and coordination. Secondly, ~~We~~ We also would like to thanks other UN technical arms that have been working closely with ESCAP to help us on the technical assistance and the capacity buildings. In this regards, to be more efficiently aligned with the collective vision and framework, ~~action area E~~, we would like to recommend ESCAP to work with ASEAN Stat since the heads of NSO meet annually to discuss on the regions' statistical directions. Also, there are many working groups established by the ASEAN member countries to work on the important subjects such as the working group ^{on November.} on the sustainable development goals indicators, ~~working group on the statistics and international trade in services,~~ ^{since the WG just has been established. The guidance, direction assistance on the} ~~working group on the international investment statistics, et cetera.~~ ^{implementate would be appreciated.} Working together would cut down the overlapped assistances and be able to maximize the effective use of funding.
