questions

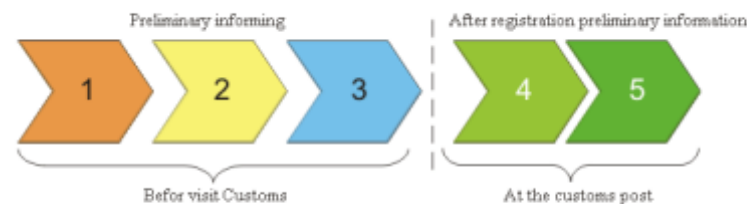

### Welcome to the electronic representation of information portal of the FCS

The portal is designed to provide information in electronic form on the goods and vehicles before crossing the customs border of the Russian Federation in order to use this preliminary information at the customs clearance and control. With the preliminary information you will be able to significantly reduce the time of execution of documents at the customs post. Preparation of the preliminary information is in the Dashboard.

Go to My Account and register. If you are already registered, enter your Account in your name and password.

The process of submitting preliminary information consists of two stages:

#### Before visit Customs:

- Step 1. Fill in the form of notice, stating the basic information about the goods and vehicles.
- Step 2. Register prior notification to your Account.
- Step 3. Get a unique identification number prior notice.

#### At the customs post:

- Step 4. Present during the customs clearance of goods, vehicle and received a unique number prior notice.
- Step 5. Customs officer checks the data provided in the pre-notification and filed by you, transport and shipping documents. In the absence of differences application process will take about 15 minutes.
