# UNFCCC Introduction

Global Climate Action

United Nations Climate Change

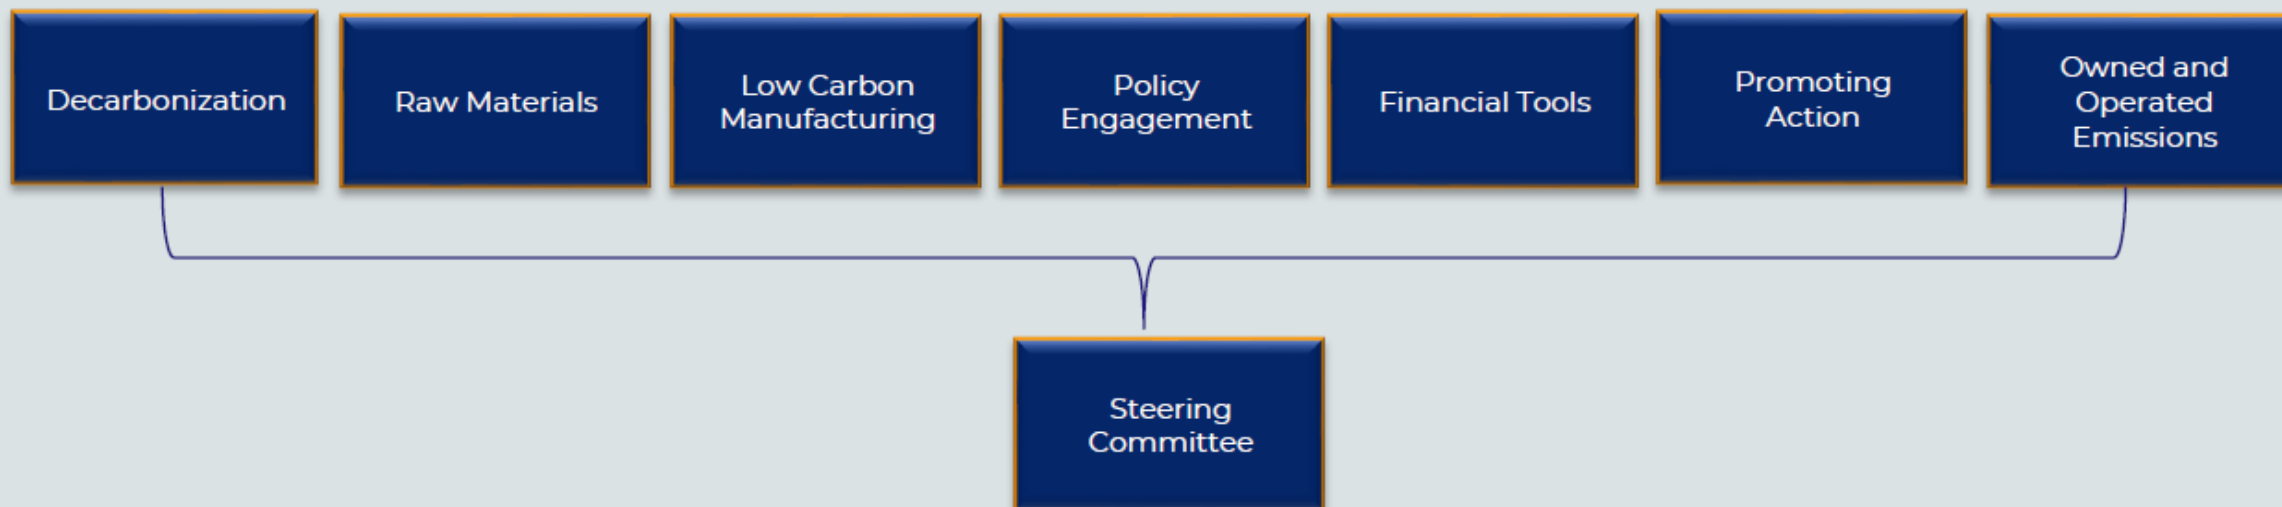

# Overview of the SteerCo and How it works

## Working Groups: Delivery Mechanism of the Charter

Working Groups provide an organisational framework for signatories to collectively define priority action areas and advance on their climate commitments.

For 2021, as agreed by the Steering Committee and related Working Groups, UN Climate Change convenes the **following 7 Working Groups**.

# Fashion Industry Charter For Climate Action

## THE FACTS

**ECONOMIC IMPACT:** The global fashion industry is one of the largest, most dynamic and influential industries on the planet, generating over EUR 1.5 trillion a year in revenues.

**CLIMATE IMPACT:** between 4-8% of global CO2 emissions.
