Regarding
a Joint Training Programme for Developing Countries

WHEREAS the World Trade Organization (WTO) and the United Nations Economic and
Social Commission for Asia and the Pacific (ESCAP) desire to cooperate in extending
trade-related technical assistance to developing countries for their economic and social
development,

WHEREAS the WTO and ESCAP wish to enter into an Agreement regarding
administrative and financial arrangements necessary for the implementation of the joint
WTO and ESCAP activities,

NOW THEREFORE, WTO and ESCAP hereby agree as follows:

Article 1
Relationship with Memorandum of Understanding

This Agreement supersedes the Memorandum of Understanding signed on 4 August
1999, extended on 8 February 2001 for a two-year period and in January 2003 for an
additional two-year period.

Article 2
WTO-ESCAP joint training programme

1. WTO and ESCAP will jointly manage a training programme for selected
participants from developing countries in the Asia-Pacific region on a cost-sharing basis.
The subject matter and number of training activities covered by the joint programme will
be mutually agreed upon by WTO and ESCAP, on an annual basis. Each activity will
normally not exceed three weeks in duration.

2. The detailed responsibilities as well as the maximum financial contribution (in-kind
and in-cash) of each Party for specific activities will be agreed upon in writing at least
two months before the activity in question through Project Documents or Activity Sheets
(with attached budgets).
3. WTO and ESCAP will jointly agree on the developing countries from which participants are to be selected. The selection process will be undertaken jointly by WTO and ESCAP.

4. WTO and ESCAP will provide the services of their staff at their own cost, to prepare training materials and conduct sessions under the joint training programme, and to service training activities in any other way.

5. The venue for activities under the joint training programme will usually be Bangkok. The course may be conducted outside Bangkok, if WTO and ESCAP agree that such an arrangement will be cost-effective and/or when such training facilities are not available in Bangkok. 5. The trust fund will be subject exclusively to the internal and external auditing procedures laid down in the United Nations Financial Regulations and Rules.

Any unused funds at the end of each activity may be kept by ESCAP as an advance on the WTO contribution for subsequent activities under the joint training programme.

9. In the event that the trust fund does not hold sufficient funds to cover upcoming activity costs agreed to in a Project Document or Activity Sheet, ESCAP may request WTO for further advances upon the presentation of a certified, consolidated cash statement for the trust fund demonstrating such need.

Article 5
Cooperation in other regional programmes
