#### **1. MANUSCRIPTS**

Authors are requested to provide copies of their manuscripts in English. Contributors should indicate in their covering letter to the Editorial Board that the material has not been previously published or submitted for publication elsewhere. The manuscripts should be typed, double-spaced, on one side of white A4 paper and the length should not exceed 30 pages. Manuscripts are accepted subject to editorial revision.

Since all manuscripts will be refereed by professionals in the field, the name(s) of the author(s), institutional affiliation(s) and other identifying information should be placed on the title page only, in order to preserve anonymity. The title page should contain the following: (a) title; (b) name(s) of the author(s); (c) institutional affiliation(s); and (d) complete mailing address, telephone number, facsimile number and e-mail address of the author, or of the primary author in the case of joint authors, and (e) JEL classification and key words relevant to the article. The second page should contain the title, the name(s) of the author(s) and an abstract of approximately 150 words. Acknowledgement (if any) should appear after the abstract.

It is preferred that manuscripts be submitted by e-mail to the address below (if hard copies are submitted, kindly provide two copies of the manuscript to the address below). The preferred word-processing software is MSWord. Once a manuscript is accepted for publication, the author(s) may be asked to submit electronic files of their manuscript, figures, tables and charts, as appropriate.

#### **2. FOOTNOTES AND QUOTATIONS**

Footnotes, if any, should be numbered consecutively with superscript Arabic numerals. They should be typed single-spaced and placed at the bottom of each page. Footnotes should not be used solely for citing references. Quotations should be double-spaced. A copy of the page(s) of the original source of the quotation, as well as a copy of the cover page of that source, should be provided.

#### **3. TABLES AND FIGURES**

All tables and figures should be numbered consecutively with Arabic numerals. Each table should be typed double-spaced. Tables and figures should be planned to fit the proportions of the printed page. Full information on the source(s) should appear below the table/figure, followed by notes, if any, in lower-case letters.

#### **4. REFERENCES**

Authors should ensure that there is a complete reference for every citation in the text. References in the text should follow the author-date format, followed, if necessary, by page numbers, for example, Becker (1964: 13-24). List only those references that are actually cited in the text or footnotes. References, listed alphabetically, should be typed double-spaced on a separate page in the following style:

The *Asia-Pacific Development Journal* (APDJ) is published twice a year by the Macroeconomic Policy and Development Division of the United Nations Economic and Social Commission for Asia and the Pacific.

The primary objective of the APDJ is to provide a platform for the exchange of knowledge, experience, ideas, information and data on all aspects of economic and social development issues and concerns facing the region and aims to stimulate policy debate and assist policy formulation.

The Asian development experience has stood out as an extraordinary example of what can be achieved when policymakers, experts, scholars and people at large harness their creativity, knowledge and foresight. The APDJ has been a proud partner in this process, providing a scholarly means for bringing together research work by eminent social scientists and development practitioners from the region and beyond for use by a variety of stakeholders. Over the years, the *Journal* has emerged as a key United Nations publication in telling the Asian development story in a concise, coherent and impartial manner to stimulate policy debate and assist policy formulation in the region.
